# HANDHELD PC DOCKS

RAM® Mounts offers a wide variety of ruggedized mounting solutions for Zebra mobile computers, printers, barcode scanners and more. Utilizing our form-fitting cradle design, securing your device wherever you need it has never been easier. The versatility of RAM® systems allow you to efficiently move your device between your car, desk, forklift, and much more. Allowing for near-infinite adjustability as well as vibration damping, the RAM® double ball and socket system provides maximum versatility and helps to extend the life of these devices.

# SCANNER HOLDERS

Different types of scanner guns need different types of mounting solutions. Between the RAM® Quick-Draw™ and the RAM® Power-Grip™ we've effectively provided holders that cover a wide variety of scanner guns of different shapes and sizes. All RAM® Mounts Compatible™, these scanner gun holders have thoughtful design choices such as elastomeric fins that keep the scanner in place but are easy to remove when working fast.

## VEHICLE MOUNT COMPUTER SOLUTIONS

When it comes to heavy duty equipment, RAM® Mounts is the most trusted brand for keeping these devices mounted without fault. For large Zebra vehicle computers, take advantage of the ultra-rugged forklift and vehicle mounts with VESA ball adapters designed to install directly into the back of the computer.

1

### CHOOSE A BALL ADAPTER

RAM® offers a wide selection of ball adapters and cradles for your specific device.

2

### CHOOSE A SOCKET ARM

Select a socket arm based on your desired length and placement.

3

### CHOOSE A BASE

Select from a variety of bases to help secure your device where you need it.

This wrench provides the extra leverage needed to tighten the mount in cold weather or in small spaces.

Vibration damping

Double ball and socket technology allows for near-infinite adjustability of your RAM® mounting system

Easily adjustable
