

H07RN-F electric cables

Cable suitable for permanent immersion in water up to 10 bar.

Reliability resistance to harsh weather conditions, to mechanical strength and thermal stress, also in mobile application.

Flame retardant in conformity with CEI 20-35/EN 60332.

Flame resistance in conformity with CEI 20-36.

Working temperature in immersion: min -20 °C – max +60 °C (max +85 °C in fixed protected installation).

Maximum immersion depth: 100 m.

Code	Description	Weight kg/m
001.04.001.0005	H07RN-F 3G1,5 round cable	0,128
001.04.001.0010	H07RN-F 3G2,5 round cable	0,153
001.05.001.0005	H07RN-F 4G1,5 round cable for single-phase motor	0,165
001.05.001.0010	H07RN-F 4G1,5 round cable for three-phase motor	0,165
001.05.001.0015	H07RN-F 4G2,5 round cable for single-phase motor	0,290
001.05.001.0020	H07RN-F 4G2,5 round cable for three-phase motor	0,290
001.05.001.0025	H07RN-F 4G4 round cable for single-phase motor	0,420
001.05.001.0030	H07RN-F 4G4 round cable for three-phase motor	0,420
