Flooring System:: **STANDARD** & **STANDARD - Heavy Duty**

**FLX BASE GUMMI-BODENPLATTEN | BLACK –
FITNESSBODEN 20–80 MM**

Eco-friendly, slip-resistant and durable rubber tiles. Sound- and vibration-absorbing and easy to install.

Certified according to EN 1177:2024 (impact protection)
Tested for harmful substances according to EN 71-3

INSTALLATION: The rubber tiles can be laid loose side by side. From a thickness of 30 mm, the tiles can also be connected using plug-in connectors. For heavily used training areas, we recommend professional adhesive installation to permanently secure the flooring and prevent gaps or movement of the tiles.

Flooring System: **EPDM / CONNECT**

FLX BASE PREMIUM GUMMIFLIESEN EPDM | BLACK-WEISS (1 M²)
– FITNESSBODEN 20–30 MM

Premium rubber tiles with an EPDM surface – exceptionally abrasion-resistant, colour-stable and ideal for high-traffic training areas.

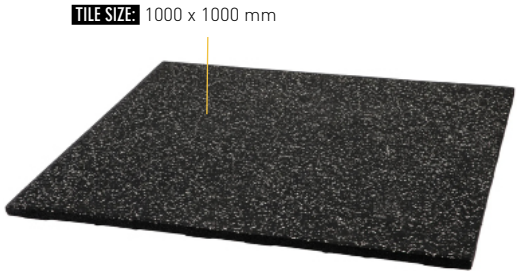

Certified according to EN 1177:2024 (impact protection)
Tested for harmful substances according to EN 71-3

INSTALLATION: Thanks to the connector system with plastic connectors, the tiles can be installed easily and securely. The EPDM surface increases resistance to abrasion, moisture and UV exposure. Additional fixing may be advisable depending on the application.
