

RALLY MOUNTING KIT

DRAFT

The Logitech® Rally Mounting Kit offers a streamlined installation of each Rally system component. Use the bracket to mount the camera above or below your meeting room display, or invert the bracket for near-ceiling installations. Mount speakers directly to the wall with low-profile brackets. Position hubs on a wall or beneath a table with ventilated hardware, then secure connections with the cable retention brackets for a professional appearance.

FEATURES & BENEFITS

Invertible Camera Bracket

The bracket provides flexibility to mount the camera on a wall directly above or below the display for a natural line of sight and eye contact with remote participants.

Low-profile Speaker Brackets

Two speaker brackets mount on either side of the display for a sleek “floating” appearance and lifelike conversational sound.

Ventilated Display Hub And Table Hub Brackets

Two ventilated hub brackets provide versatile mounting options to position the Display Hub and Table Hub on a wall or beneath a table.

Cable Retention Brackets

Each two-piece bracket mounts near the Display Hub and Table Hub to keep the power, AV, and data cables securely plugged in.

TECH SPECS
