

Konftel C2070

Share the wider story

The Konftel C2070 is the perfect video package for huddle to medium meeting rooms, combining the Konftel Cam20 4K conference camera with the Konftel 70 speakerphone for OmniSound® audio quality.

The Konftel OCC Hub brings everything together into one convenient kit, so a single USB cable is all you need to connect the camera, the sound unit and the room's screen to the video meeting on your laptop.

Whatever your preferred collaboration app or cloud service, the Konftel C2070 video kit will take care of the experience in your huddle, small and medium-sized conference rooms. Bring your meeting with you on any laptop with a USB port, plug it in and you're good to go. We call this BYOM – Bring Your Own Meeting.

A WIDER PICTURE

The Konftel Cam20 is optimized for situations where the conference cam needs to be positioned close to the table, but it is equally at home in medium-sized meeting rooms. The 123° field of view means that all the participants can sit in a comfortable position and still fit into the video image.

HEAR THE DIFFERENCE

Four beamforming digital microphones provide a more focused audio experience with less distracting background noise. The Konftel 70 creates balanced, natural and lifelike conversations utilising noise suppression and echo cancellation as part of Konftel's acclaimed OmniSound® technology. Hear and be heard in crystal clear, rich detail.

NO HASSLE HUB

The ingenious Konftel OCC Hub offers One Cable Connection to the conference camera, speakerphone and screen. In practice, this means the C2070 fully supports BYOC – Bring Your Own Computer, where the user can utilize their preferred collaboration service on any laptop with a USB port.

CLIMATE NEUTRAL PRODUCTS

Konftel is certified in line with the Climate Neutral standard. This means that we have offset all our greenhouse gas emissions and are taking action to further reduce those emissions. When you choose a Konftel product, you keep a clear climate conscience while supporting your organization’s growing need for video collaboration.
