COSMOPOLITAN LIVING

The vision of ‘Cosmopolitan Living’ came alive over 25 years ago, envisioned through the personal drive and passion of our founder. Dôme Deco was created to inspire those who have the world at their feet – wanderers in search of culture, craftsmanship, and the beauty of life.

Today, ‘Cosmopolitan Living’ is fundamental to every layer of our organization. From our

dedicated team to our global sources of inspiration, and especially in our collections – this philosophy is at the heart of what we do.

At Dôme Deco, ‘cosmopolitan’ embodies warmth, intimacy, and luxury, creating spaces where people can relax and find comfort. Discover how our cosmopolitan interior designs can transform your space into a sanctuary of sophistication and elegance.

BEHIND THE COLLECTION

At Dôme Deco, we understand that each space tells a story. Every year, our journey begins with the launch of a new interior collection, crafted to inspire and redefine cosmopolitan living.

Our team of experts, dedicated to the world of hospitality and residential projects, embarks on an innovative brainstorming process – diving deep into concepts that merge shape, design, and materials. We distinguish ourselves by delivering all-in-one solutions that blend furniture, accessories, lighting and textiles seamlessly.

Our product developers and designers are driven by a commitment to innovation, uniqueness, and premium quality. This translates into two types of collections, answering a variety of our customer's needs: our yearly trend based collection, and the timeless essentials collection.

Whether it's a hotel, restaurant, co-working space, or residential project, our cosmopolitan collections deliver a cohesive and memorable experience that transcends the ordinary.

01 | TERHILLS HOTEL BY NACHTRAVEN

The imposing baroque architecture and symmetrical garden showcase the richness of the coal mining past by surprising you with artfully clipped hedges and the clatter of a fountain. Immense shaft trestles next to Terhills Hotel recall the work that was done underground here. These historical details combine beautifully with the modern, luxurious décor of the hotel rooms.

02 | ALIVA DESIGN NETWORK

A feeling for spaciousness. Design that goes beyond the visual. A sensory interplay of colors, shapes, textures and surfaces. To be experienced with all the senses. That was the goal of Aliva Design Network, achieved with Dôme Deco as a partner.

MADE TO MEASURE

LE SANGLIER DES ARDENNES

The “Le Sanglier des Ardennes” hotel was found in 1952. Given its grand success, Le Sanglier’s owners decided to expand and build a second 72-bedroom five-star hotel.

The elegant and luxurious character of the hotel was a perfect match with the Dôme Deco identity. The size of the hotel allowed us to step away from the standard collection and create fully made to measure range of products.

GILLES KNAEPEN KATLA HURRICANES

The Katla hurricane, referring to Iceland's largest volcano, is characterized by its architectonic construction and minimalist appearance. A raw and natural source of light shielded by a metal casing. Representing the crater and floating lava in conjunction with the crevasse.

A visual spectacle offers you a variable structural look from different perspectives. Available in three sizes. Made of either a raw metal with brown satin glass or a brown powdercoated metal with grey satin glass.

OUR DESIGNERS

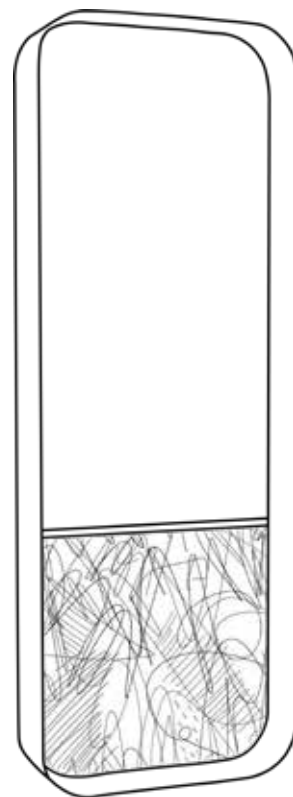

GILLES KNAEPEN **AGA MIRROR**

In a world where the rush of daily life often occupies forgetting. We walk (Aga in Norwegian) out the door at home and it sometimes eludes us not to forget. With that philosophy, the intention behind AGA was born. A place where we can pause for a fleeting pause. On the one hand, due to its minimalist design, it occupies a modest space in the room.

However, through its functionality, it facilitates a physical and mental checkpoint. The metal, which in fact, frames the mirror, creates a space that is both practical and stylish for storing items in place while the mirror provides an opportunity to reflect before rolling back to wallow in our demanding world.

That demanding world is reflected in AGA by implementing a decorative surface that is available in several materials. It thus responds to the need to express oneself, but also to make AGA come into its own in any space.
