

"At Claudi, we believe in luxury and the passion to create a product that lasts. Our attention to detail and meticulous manufacturing process guarantee cushions that you can enjoy for years to come. Discover the comfort and elegance of Claudi cushions, which will add a luxurious and personal touch to your interior."

Team Claudi

The values of Claudi

HIGH QUALITY

Our cushions are designed and manufactured by hand in The Netherlands.

The complete production process is under our control. This is how we guarantee the high quality standards.

We only use interior fabrics of high-quality because they give a rich appearance to the interior and remain beautiful for a long time.

The luxury feather filling we use, which is of Dutch manufacture, is largely from recycled duck feathers. Which positively impacts the environment.

EXCLUSIVE

Our collections are varied and makes every interior unique.

We are always looking for new fabrics and fresh ideas to create the most stylish combinations.

Cushions and plaids add a new dimension to the latest home trends. The interior gives character and makes furniture come alive.

Our goal: Let more people enjoy a unique interior so they feel at home, are proud and can enjoy it with family and friends.

Get inspired by our 3 categories
