ENYOI

We are delighted to present the latest edition of the YOI collection for 2025. As the youngest member of the Borek family, YOI outdoor furniture continues to be a refreshing addition to the renowned brands Borek and Max & Luuk. YOI represents outdoor furniture that seamlessly combines comfort and style, and this year we once again deliver on that promise.

The 2025 collection introduces an exciting new feature: a luxurious bouclé fabric in the soft shade of wool white. This elegant fabric is paired with materials in a variety of colors, giving the collection a fresh and contemporary look. This addition perfectly reflects YOI's philosophy: outdoor furniture that invites you to relax in style.

As always, the YOI collection is crafted with premium materials such as aluminum, teak, rope, and belt. The cushions, made from durable Olefin fabrics, offer not only a natural appearance that harmonizes beautifully with the colors of the aluminum frames but are also weather-resistant. Many of our products feature an all-weather cover for the cushion filling, marked with the AW designation. This ensures that the furniture can remain outdoors, even in changing weather conditions. However, we recommend using a breathable cover to protect the furniture when exposed to dirt and moisture for extended periods.

Our designs are created with passion and precision by our in-house team of specialists, with exceptional seating comfort as their guiding principle. The sturdy aluminum frames, combined with high-quality teak wood, ensure an exceptionally long lifespan. Additionally, we continue to collaborate with (international) top designers such as Studio Ons, Jan Willem van Elten and the Italian design duo Meneghello Paoletti, resulting in unique and timeless creations.

The YOI collection includes an extensive range of lounge sets, dining sets, sunbeds, and parasols. The various series are thoughtfully coordinated, allowing you to mix and match items within the YOI program effortlessly. Furthermore, the ability to combine YOI furniture with pieces from other brands in the Borek family provides an unparalleled opportunity to create a truly unique and personal outdoor space.

On behalf of the entire team, I wish you countless sunny hours in the upcoming garden furniture season.

Kind regards,
Frank Bogaers

WATER REPELLENT CUSHIONS BY YOI

The spunacrylic and olefin fabrics of the cushions in the Yoi collection are resistant to dirt and water, making raindrops no cause for concern. Additionally, accidentally spilling a glass of wine, soda, or a cup of coffee is also not a problem. You can easily remove it with a dry cloth. As the cushions are equipped with a zipper, you can wash the covers if necessary. Use a cold washing program for this purpose. For other washing instructions, refer to the care label inside the cushion.
