

RETURN FORM - BIKER OUTFIT AMSTERDAM

You can return your order within 30 days of receipt and have your money refunded. To get the full purchase amount back, it is important to return your product in its original condition and undamaged. This means that the items are unused and provided with all labels and original packaging. You can also return your order to our shop in Amsterdam.

Preferably, return your order in the packaging with which you received your order from us. Don't use the box of, for example, shoes or helmets as a shipping box. This is also part of the original packaging. If a product is not returned in its original condition or is damaged, we will examine the condition of the product and determine the devaluation.

As soon as we have received your return, we will process the refund. The return amount of an order with pay afterwards will be deducted from the amount. With other payment methods, the return amount will be refunded via the payment method you originally used.

Unfortunately, it is not possible to exchange webshop orders online. You can only return them to us.

Would you like to receive another item? We advise you to order it in our webshop and it will be processed further. As soon as we have received your original order back, we will make the refund.
