

Cardo Solutions for HJC SELECTED HELMETS*

Developed in collaboration with HJC, Cardo's integrated communication systems offer a factory-fit solution with uncompromised performance. Designed specifically for HJC helmets, they preserve aerodynamics, comfort, and style—while keeping riders connected on every ride.

Choose from three configurations:

HJC-PACKTALK with 2nd generation DMC for advanced, self-healing group communication; HJC-4X for premium Bluetooth® connectivity with powerful JBL sound; and HJC-SPIRIT, a simple and durable solution focused on essential features and everyday reliability.
