How to measure your feet and legs?

1. take your measurements preferably in the morning
2. stand on your feet without heels; measure both feet/legs
3. use a flexible tape measure with millimeter-scale
4. pull the tape measure as tight as you want the boot to become
5. compare the measurements with the reference for your size below

REFERENCE SIZING	36	37	38	39	40	41	42	43	44	45	46	47
<i>UK women size</i>	3	4	5	6	6.5	7	7.5	8-8.5	9.5	10.5	12	12.5
