Frames available in Black, White and Stainless Steel

Materials :

This original Mexican Acapulco chair is made with recycled PVC as much as possible. The PVC cords are resistant to temperatures from -18° C to +80° C and direct sunlight, contain anti-oxidants and are free of phthalates.

This not only ensures that the chair is less harmful to our environment, but also makes it suitable for both indoor and outdoor use!

Maintenance :

This Acapulco chair has a guaranteed quality and durability, because of the solid steel frame and the seat made of high quality hand-woven PVC.
The chair is suitable for years of use both indoors and outdoors without any special maintenance. Clean it with water and a little soap and dry with a soft cloth.

Acapulco Rocking Chair

Acapulco Rocking Chair

Acapulco Rocking Chair

Solid Steel

The solid steel frame is
galvanized and powder-coated
with texturized paint for more
durability.

Height 88cm

Acapulco Chair Tule

Available in :

Natural Tule Reed
With Black Frame

**Frames available in Black,
White and Stainless Steel**

Materials :

The seat is completely hand-woven with locally obtained natural reed (*Schoenoplectus acutus*). The base is made of galvanized and powder coated steel.

The chair can be used outdoors, but for long-term use we advise the chair to be stored inside and kept dry.

Maintenance :

Clean with little water, soap and a soft brush. Store in a dry place or cover against rain. If the chair is wet, we recommend that you first allow the chair to dry before covering.

Acapulco Chair Leather

Acapulco Leather

This Acapulco chair is definitely a favorite if you are looking for elegance and authenticity. It retains the original shape and is hand-woven with high-quality natural leather, offering softness and flexibility. An original and exclusive item for any interior.

The leather cords offer a warm feeling and ensure adequate support and a comfortable seat.

Specifications

Made in	Mexico

Solid Steel

The solid steel frame is galvanized and powder-coated with texturized paint for more durability.

Height 88cm

Acapulco Chair Leather

Available in :

Natural Brown Leather

Black Leather

Materials :

This Acapulco lounge chair is hand-woven with natural leather cords.

The leather we use is of high quality. However, due to the natural origin, differences in color and minor imperfections can occur in the strings.

Please pay attention! The leather is only suitable for indoor use.

Maintenance :

For years of trouble-free use, we recommend the leather to be treated once a year with leather oil or wax to prevent dehydration.

Acapulco Sofa

Acapulco Sofa

Acapulco love seat

The classic Acapulco Sofa! Also known as the 'love seat' - fits 2 people easily, possibly even 3. Ideal for outdoor use due to the sturdy and maintenance-free design.

This Acapulco Sofa is hand-woven with comfortable PVC cords with "memory", so that the seat forms itself to your body and returns to its original shape after use.

Specifications

Made in	Mexico
Dimensions	162W/98H/110D cm 63.8"/38.6"/43.3" inch Width/height/depth

Rattan

The seat is completely hand-woven with natural rattan.

Handmade

Comfortable seat, no cushion needed.

Solid Steel

Handcrafted solid steel frame. Detachable.

Ubud Classic

Available in :

Natural Rattan
With Black Frame

Materials :

The seat is completely hand-woven with natural rattan.
The base is made of steel and can be detached.

The seat has a slight curvature so that the chair comfortably supports your body. The rattan seat is flexible but firm.

Maintenance :

Clean with water, soap and a soft brush. Store in a dry place or cover from rain.

If your chair gets wet, we advise you to dry the chair first before covering.

More maintenance is required if the coating wears. The coating helps prevent dehydration and we therefore recommend applying a new coating as the old one is worn out.

white and stainless steel frame.**

Materials :

The PVC cords are resistant to direct sunlight, contain anti-oxidants and are free of phthalates.
This not only ensures that the barstools are less harmful to our environment, but also suitable for years of use both inside and outside!

Maintenance :

Our barstools have a guaranteed quality and durability thanks to the welded frame with galvanized coating and the seat made with hand-woven flexible PVC cords.
The barstools are therefore suitable for years of use both inside and outside.
Clean your barstool with water and a little soap and dry it with a soft cloth.

**Daisy
Barstool**

Daisy Barstool

Stylish, strong and uncompromisingly comfortable, the Daisy barstool highlights bamboo's beauty, giving it an appearance of a Daisy flower sprouting from the matte black steel frame.

Bamboo

The seat is made of twenty pieces of thick bamboo strips resembling petals of a flower and connect to a strong core in the middle.

The seat is easily detachable from the steel frame

Handmade

In Bali, Indonesia

Solid Steel Frame

Detachable frame

BAMBOO

Bamboo, which is hollow inside and jointed with regular nodes, is as strong as steel. Being the world's fastest growing plant, it is now considered to be one of the most environmentally friendly and sustainable materials. The bamboo used in our Daisy and Rib stools comes from the lush green bamboo forests of Bali, Indonesia. The natural tone of bamboo complements any color palette, while the nodes of the bamboo invoke texture. Due to the open design, the stools appear not to take up any space at all. The organic shapes are a welcoming element, naturally beautifying and energizing any decor.

**Rib
Barstool**

Rib Barstool

This playful yet seriously strong stool brings earthiness and softness to any interior. The design takes advantage of the flexibility of the bamboo and firmly conforms to the curvature of the body.

Specifications

Made in	Bali, Indonesia

Bamboo

Employing traditional techniques of bending and weaving, every single piece of the bamboo seat is diligently crafted by hand.

Handmade

In Bali, Indonesia

Black Steel Frame

Strong and can be used outdoors, but for long-term use we advise the chair to be stored inside and kept dry.

**Xalapa
Stool**

Xalapa Stool

Its small size makes it a very practical and handy addition. It can also serve as a footstool for our chairs.

Xalapa footstool is hand-woven with recycled and/or recyclable PVC resistant to sunlight, contains antioxidants and is free of phthalates.
The Xalapa bench is suitable for both indoor and outdoor use!

Specifications

Made in	Mexico
Dimensions	40W/35H/37D cm 15.7"/13.8"/14.6" Width/height/depth
Weight	3.8kg(8.4lbs)
SKU	XAL/

PVC

Handwoven with comfortable PVC cords with “memory”, so that the seat forms itself to your body and returns to its original shape after use.

Solid Steel

The solid steel frame is galvanized and powder-coated with texturized paint for more durability.

Xalapa Stool

Available in :

Materials :

Made with recycled PVC as much as possible. The PVC cords are resistant to temperatures from -18°C to +80°C and direct sunlight, contain anti-oxidants and are free of phthalates.

The table is suitable for both indoor and outdoor use!

Maintenance :

This Japon table has a guaranteed quality and durability, because of the solid steel frame and high quality PVC cords.

The table is suitable for years of use both indoors and outdoors without any special maintenance. Clean it with water and a little soap and dry with a soft cloth.

Zahora Tables

Zahora Tables

This unique design table owes its name to the Zahora beach in southern Spain. Zahora in Spanish means among other things; 'meeting between friends and enjoying good company'. That is exactly what we had in mind when designing our Zahora table.

Design by Nuria Pérez

Specifications

Coated

Height 37cm

Zahora Table

Available in :

Black Glass

Tzalam

Corten Steel

AVAILABLE ALSO IN WHITE FRAME

Materials :

Each Tzalam table is handmade from specially selected Tzalam hardwood and therefore has its own character. Cor-ten is steel with a protective feature against atmospheric corrosion. It forms a typical rust layer causing further oxidation to be prevented. This rust layer will change over time and gives the table its unique character.

The glass is tempered

Maintenance :

The Zahora table is very durable and almost maintenance free. However, the Tzalam table needs to be treated with a suitable lacquer from time to time. The corten steel table is suitable for use both indoors and outdoors without any special maintenance. The corten steel is delivered without treatment and will naturally oxidate.

**Cork
Stool**

Cork Stool

These cork stools are great for decorating any space inside or outside. They can be used as a seat, ottoman, stool or side table. They are water and fire resistant and very durable for years of fun indoor and outdoor.

No tree is cut in order to obtain cork, only the bark is harvested. Cork oak trees store carbon in order to regenerate their bark. Cork is hypoallergenic and hydrophobic.
