Materials :

The PVC cords are resistant to direct sunlight, contain anti-oxidants and are free of phthalates. This not only ensures that the barstools are less harmful to our environment, but also suitable for years of use both inside and outside!

Maintenance :

Our barstools have a guaranteed quality and durability thanks to the welded frame with galvanized coating and the seat made with hand-woven flexible PVC cords. The barstools are therefore suitable for years of use both inside and outside. Clean your barstool with water and a little soap and dry it with a soft cloth.
