White and Stainless Steel**

## Materials :

This original Acapulco sofa is made with recycled PVC as much as possible. The PVC cords are resistant to temperatures from -18°C to +80°C and direct sunlight, contain anti-oxidants and are free of phthalates. This not only ensures that the sofa is less harmful to our environment, but also makes it suitable for both indoor and outdoor use!

## Maintenance :

Our Acapulco sofas have a guaranteed quality and durability thanks to the welded frame with galvanized coating and the seat made with hand-woven flexible PVC cords. The sofas are therefore suitable for years of use both inside and outside. Clean your sofa with water and a little soap and dry it with a soft cloth.
