Data Sheet

BB8010SUBGF WHITE FLEXIBLE HIGH-TACK POLYMERIC VINYL

BB8010SUBGF is a 90mic flexible polymeric matte white opaque vinyl film coated with a high-tack permanent Solvent Acrylic adhesive designed for wall-cut subway poster applications. This vinyl film is a high quality opaque matte white with excellent outdoor durability. The film provides integrity against removal, helping to prevent vandal's from removing from the subway. The adhesive is designed to bond to a variety of substrates such as metals, painted metals, smooth finish powder coated metals, low surface energy plastics, rough textured surfaces, wood, ceramic tile, wall-cut outs, concrete and fiber board frames. This film is backed with a two-sided poly coated 135gr layflat release liner.

Applications This product is recommended for outdoor and indoor uses where a high quality

marking film requiring flexibility, durability and resistance to sunlight is required. These films can be used for one, two and three sheet subway advertising posters, architectural signage, commercial-retail signage, industrial identification decals, safety decals, point-of-purchase graphics and other decals requiring

extended life.

Printing Processes This material is designed to be printed with high quality screen printing inks

formulated for flexible vinyl to obtain maximum exterior life. BB8010SUBGF may

also be printed using solvent and UV digital processes.

Thickness Film 90my

Adhesive 25my Liner 135gr

(Thickness variance +/- 10%)

Temperature Ranges Minimum application temperature -7°C

Service temperature -40°C to +93°C.

Expected Exterior Exposure Up to 5 years. Performance can vary depending on UV exposure.

Adhesion To stainless steel 27 N/25mm (FTM01)

Individual values may vary. Test thoroughly before production.

Water Resistance Excellent
Humidity Resistance Excellent
Solvent Resistance Good res

Good resistance to intermittent exposure from petroleum oils, grease, aliphatic

hydrocarbons and gasoline.

Storage Stability One year shelf life stored at 21°C and 50% relative humidity.
