

panoRama Lightbox

Welcome to the revolution of light management! PanoRama Lightbox is the ultimate solution for dynamic day-to-night branding. This thoughtful, perforated film transforms channel letters, lightboxes, and signs into exciting visual experiences.

During the day, your signage presents itself in cool black, understated yet present. But as night falls, its true magic unfolds! The film illuminates, pouring forth vibrant colors that capture attention and bring your message to life.

With an innovative 20% open and 80% closed area, PanoRama Lightbox offers maximum contrast and excellent light diffusion. Experience a new dimension of advertising and showcase your brand in the best light!

Durability

Up to 7 years on light boxes in Central European conditions. Adhesion increases with time, it will be difficult to remove. Not to be used on: fresh paint or ink, polycarbonate, certain PVCs (not a complete list). For critical substrates, please test before use.

Shelf life

1 year, stored at +15 to +20° C (+59 to +68° F) and relative humidity between 45% and 65%.

Warranty

Continental Grafix products are warranted to be free of defects in material and manufacture at the time of shipment and to meet the specifications stated in the technical specification sheets. We will replace or refund the price of any Continental Grafix materials found to not meet our product specifications. In no case shall Continental Grafix be liable for any direct, indirect, or consequential damages, including labor or non-Continental Grafix materials charges. The determination of suitability of this product for any specific use is solely the responsibility of the user. No representations, guarantees or warranties of any kind are made to the accuracy of suitability for specific applications.

Advice

Avoid contact with solvents or cleaners containing ammonia. Clean windows with soap and water. Rinse and dry the glass after cleaning. ALWAYS clean and dry glass before use. Please refer to our application instructions, which are designed for accuracy of suitability for specific applications
