NIGHT FIRE

Available as	Rug
Design	Nicemakers
Size	Any size possible
Weight	6500 gr/m ²
Height	20 mm
Technique	Hand tufted
Colors	8 Standard
Color design	Nicemakers
Material	100% Oxidated Beech Fiber
Advantages	+ any size and shape possible + innovative oxidation process + handtufted and handprinted + artisan product, no two rugs are exactly the same, each one is unique + available in 8 Standard colors or in pattern as designed by Nicemakers

Night Fire has a unique story. Its fiber, made from European Beech trees, is spun into extremely thin yarn. This yarn is then tufted in a very high density, creating an almost velvet-like surface. But the truly special part starts after tufting. Using an innovative new technique, we oxidate the yarn. After this oxidation treatment the top of the yarn has a different color than the base of the yarn. On top it gets a glowing, burnished version of the color that is underneath. Because the oxidation treatment is done by hand, each rug is completely unique. There are no two rugs that are exactly the same.

Interior-design studio Nicemakers developed this yarn with us, and created a mesmerizing design using all 8 colors. As such, this rug is available in these 8 uni colors, but also in one all-inclusive pattern.

CARE INSTRUCTIONS

- We advise you to **vacuum** the rug once or twice a week with a normal (upright or cylinder) vacuum cleaner but without the brush or beater bar engaged. Rugs with a high pile need to be vacuumed even more often.
- Do not use a vacuumer with a rotating brush, this will damage the yarn.
- Rugs made from natural materials are subject to some **pilling** during the first few months. This is a common characteristic of natural cut fibers and will disappear after 3 or 4 months of normal use.
- A dry environment can result in extra pilling of the yarn. A **humidity** between 50-70% will benefit the lifecycle of your rug.
- In order to avoid '**regular use marks**', we advise you to turn the rug every once in a while.
- **Wet stains** need to be removed immediately, before the yarn absorbs the fluid. Absorb the stain using a strong absorbing paper (like kitchen paper). Do not, in any case, rub or put pressure on the rug when wet. This can damage the fibers and the structure of the rug.
- **Light stains** can safely be treated with JAMES cleaning agents, which have been successfully tested on our products. Please follow the instructions of the JAMES staindisc, also shown on our site. We can not guarantee safe use of cleaning agents by any other brand, since they have not been tested.

- Please do not use highly acidic cleaning agents to remove stains from your rug. This will cause discoloration of the yarn.
- In case of **heavy staining** or transferred dirt, we advise you to always have your rug drycleaned by a specialist in rug cleaning. Please state clearly that this rug needs to be cleaned without using water.
- When in **doubt**, please don't hesitate to contact us, or take a look on our website, www.frankly.amsterdam/careinstructions, for more information.

WARRANTY

- Frankly Amsterdam **guarantees** its rugs for 2 years of normal use.
- All our products are made with care. In case a **manufacturing defect** escaped our attention, please inform us within 14 days after delivery and leave the product unused.
- Small differences or **irregularities** in color, weft or size may occur. This is inherent to the use of natural fibers and has to be accepted when within normal commercial tolerances.
- Frankly Amsterdam will not accept any complaint if shading is concerned.
