

# Basil **Clever System**

## What makes our Clever System so clever?

Whether you want to conveniently take your Bold basket with you into a shop or to firmly mount it to your carrier rack: Clever does what you want it to do. It's one single system that can be used in two ways. The removable option works with a spring clamp. Simply push the two hooks of your basket onto your carrier and fixate the spring clamp onto it. The permanent system works with an extra set of hooks that are included in the Clever pack. Mount the extra hooks to the basket and turn the pre assembled hooks 180 degrees. Then clasp the four hooks around the diagonal carrier bar and fasten the four accompanying bolts firmly in place. Well done, you clever shrew. Now just stow and go.
