● Traditional blister of 6 ● Coloured blister of 6 ● Tin of 12

Please note that the contents may be substituted at any time with a product equal or superior to that specified.

Key: LF – Lightfastness, V – Vegan-friendly

**Lightfastness rating = 3,4 – FAIR, MODERATE | 5,6 – GOOD, VERY GOOD | 7,8 – EXCELLENT**

Derwent uses the Blue Wool Scale (ISO 105) to evaluate lightfastness. Lightfastness refers to the chemical stability of a pigment under long exposure to light. A scale of 1-8 is obtained, with values of 6 or higher being considered to be highly lightfast and, under museum conditions, will not fade for 100+ years.

PROFESSIONAL QUALITY
