**MX-5® Oil Filler Cap**

**APPLICABLE MODEL:**  
2016> MX-5®

**Kit Contents**

Oil Filler Cap  
(Qty. 1)

**⚠ CAUTION**

Do not use bare hand to remove the MX-5® Oil Filler Cap when the engine is hot. MX-5® Oil Filler Cap remains very hot after normal operation of vehicle.

**Installation Procedure**

- With the vehicle parked, pull the hood release handle located on the lower left side of the dash panel to unlock the hood.
- Insert your hand into the hood opening, slide the hood latch lever, and lift the hood.
- Grasp the support rod in the padded area and secure it in the support rod hole to hold the hood open.
- Remove the plastic oil filler cap from the engine cover. Avoid dripping oil on any engine components. If a drip happens to fall, wipe it clean with a soft cloth.
- Install the MX-5® oil filler cap to the engine cover as shown in Figures 1 and 2 below.
- Clean the original plastic oil filler cap, place it in the clear bag, and store it in the storage compartment inside the vehicle.

**1**

Tighten the oil filler cap clockwise until the gasket starts to make contact with the engine cover.

**2**

Continue tightening the oil filler cap until the "MX-5®" logo is positioned parallel to the SKYACTIV® logo as shown below. Finally, clean the oil filler cap with a clean soft cloth.
