The image consists of two side-by-side photographs of a light-colored, curved object, likely a chair backrest or a piece of furniture. The object has a smooth, light beige or tan finish. A black rectangular frame or handle is attached to the center of the curve. The left photograph shows the object from a slightly different angle than the right photograph, highlighting the shape of the curve and the position of the black frame. The background is a plain, light-colored surface.
