

#howicoucouroll

Always cleanse face first! Advice: Apply serum, oil or moisturizer before rolling. Roll 5-10 minutes daily. How to clean and store roller: Wipe the roller gently with a soft damp cloth and air dry before storing in your bubble pouch or keep it in the fridge for extra depuffing effects.

Jawline & Cheeks

Use large roller: Start on the chin and roll from the center outwards and upwards towards the ear.

Eyes

Use small roller: Start at the inner corner of your eye and roll outwards towards the ear. Work both the lids and under eye area.

Forehead

Use large roller: Start at the center of the forehead and roll towards the ear.

Neck

Use large roller: Start under the chin and roll towards the collar bone.
