# Collection 2020

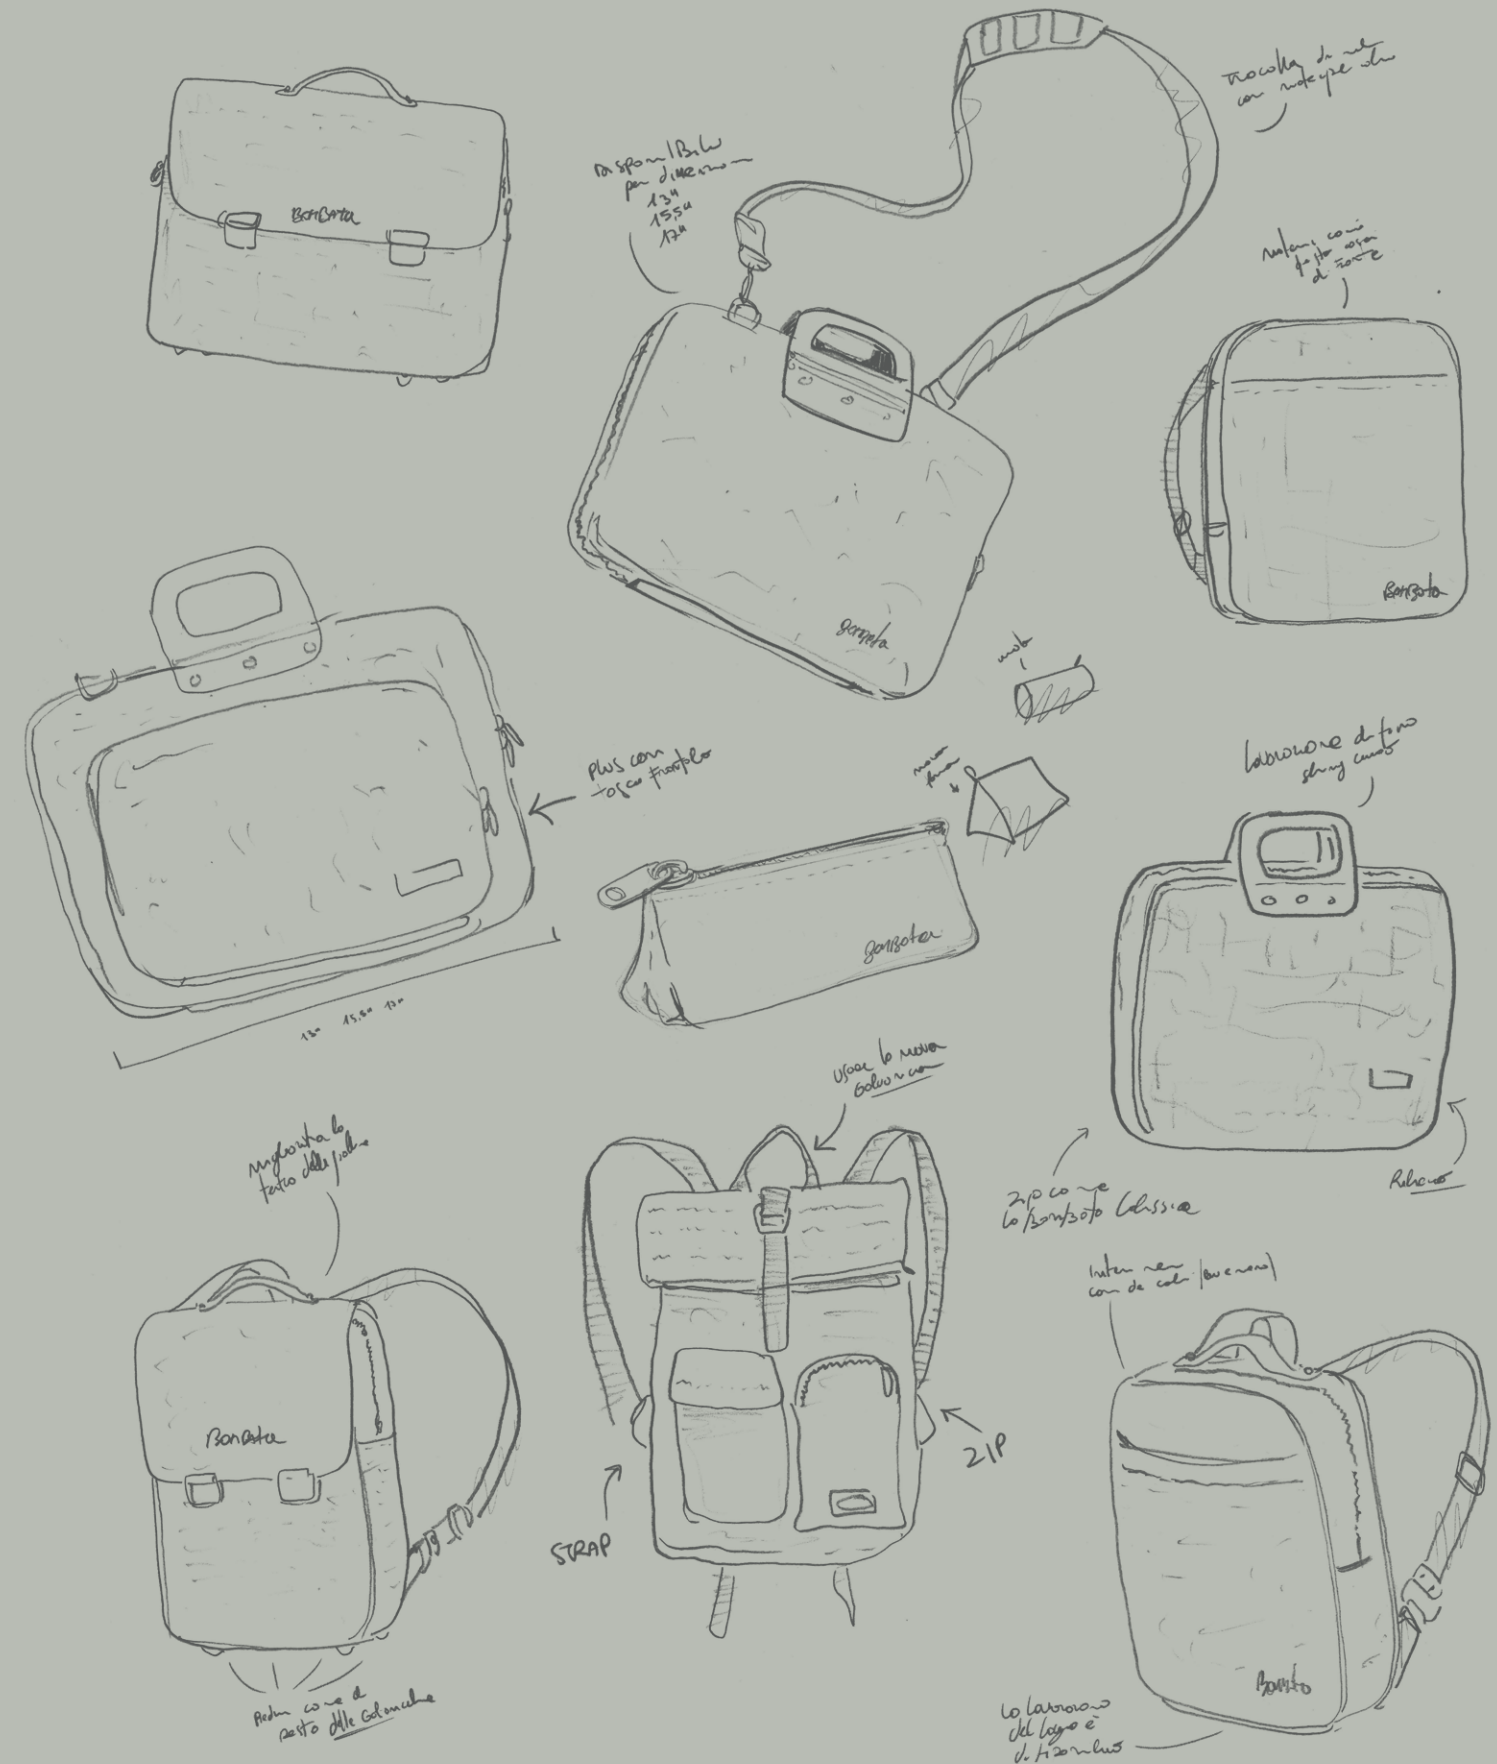

*Bombata®*

Colourful  
professional  
briefcases in true  
Bombata style.

Bombata bags and backpacks were born from the idea of creating professional and functional products – without sacrificing on contemporary style. Entirely designed in Italy, our vibrant, colourful and contemporary styles have revolutionised the bag world and beamed it into the 21<sup>st</sup> century through continual innovation with an eye on the latest trends.

The signature curved design contours the rectangular shape of laptops and tablets. Devices are protected from everyday knocks and bumps, making it easier and safer to carry them by hand on short journeys, or crossbody for longer trips. The protective inner lining and the durability of the colourful exterior are guaranteed. Plus, available in a variety of sizes, the bags can store different sized laptops to suit every need.

Each and every one of our product stands out by striking the perfect balance between practicality and innovation. Bags, backpacks and accessories are packed with personality thanks to brightly-coloured exteriors, from airy light hues, vibrant pastel colours and elegant All Black styles. Key pieces in the new collection include a bag in Saffron, one in striking bright green and a sophisticated bag in Coral combining shades of pink and orange. Bag lovers will have endless fun exploring our world bursting with colours and materials.
