

Xiaomi Massage Gun mini

EU ID: 40326 SKU:BHR6081EU
 UK ID: 40327 SKU:BHR6082HK
 GL ID: 40328 SKU:BHR6083GL

- **Lightweight and compact design**
 - The compact and handheld Xiaomi Massage Gun Mini can be packed away and taken anywhere. No need to wait for pain relief, the time for relaxation is now. Easy to hold, with a net weight of only 375g. Enjoy comfort on the go.
- **Deep reach into muscle tissue, relieve fatigue and muscle pain**
 - High-speed brushless motor delivers 190mN·m of power over 6mm deep into the muscular base, improving local blood circulation, relieving fatigue and soreness and helping to rejuvenate soft tissue.
- **3 special massage heads**
 - Soft, springy silicone massage head, smooth skin-friendly feel, suitable for sensitive skin, with cushioning protection to avoid muscle damage.
 - Ball head, suitable for large muscle groups such as shoulders, back, arms, hips and legs
 - U-shaped head, suitable for lower back, spine and lower legs
 - Flat head, relaxing massage for all muscle groups
- **Smart pressure indicator, for a safer, more relaxing massage**
 - 360° smart pressure indicator lets you know the right amount of pressure to apply for a safer and more effective massage, allowing you to relax and avoid using excessive force.
- **Smart speed adjustment, instantly targets fatigue**
 - The internal smart pressure sensing system detects the pressure applied and steadily increases the impact force and speed, allowing the massage to target those sore areas that require greater force, with deep muscle penetration that quickly soothes fatigue.
- **Long battery life, relax with peace of mind**
 - Extended 35-day battery life, 2600mAh lithium battery for long-lasting power. 13-hour battery life*, lasts up to 35 days when used for a daily 10-minute massage at low speed. Type-C universal interface, charge as you go without worrying about frequent recharges.
- **40dB quiet operation**
 - The brushless silent motor offers a comfortable and relaxing experience. Feel the silence and be transported to your quiet place.

Specifications:

Product model no.	XMFG-M352
Product dimensions	101 * 139 * 45mm
Battery capacity	2600mAh
Operation temperature	0-35°C
Port type	Type-C
Battery type	Rechargeable lithium-ion battery
