

# NUKI FOB

## DATA SHEET

### Nuki Fob

At your fingertip

# NUKI

Add the small Nuki Fob to your collection to lock and unlock your Nuki Smart Lock also without your smartphone.

Put the little Bluetooth device on your key ring to lock and unlock your door without your smartphone. This is especially handy for people who do not use a smartphone, like children and elderly people.

Apart from service providers the Nuki Fob is especially popular with athletes. The Bluetooth device can be put in every pocket and it is no longer necessary to take your key or smartphone with you while doing sports.

#### Seamless compatibility

The Nuki Fob is compatible with every Nuki Smart Lock and does not require a Nuki Bridge Wifi connection.

#### Simple configuration

Access to your Smart Lock can easily be granted or removed individually on your Nuki app for any Nuki Fob.

#### Secure in any case

If a Nuki Fob gets lost, access permissions can easily and quickly be deleted using the Nuki app or Nuki Web.

#### Lock as many doors as you like

One Nuki Fob can be authorised for up to 100 Smart Locks. In addition, up to 100 Nuki Fobs can be paired with one Nuki Smart Lock.
