PASSION
FOR LINEN

Catalogue 2023/2024

“Passion for Linen is the specialist in linen products. Because of the carefully selected raw materials from Europe and the production on-site, we offer high quality, both in colors and production”.

Barbara Sprengers

I proudly present to you a unique concept, Homelinen Labels, consisting of two labels that complement each other flawlessly.

Passion for Linen is the specialist in linen products. All products are sustainably tailored, beautiful basics and real eye-catchers. House in Style offers various products such as percale cotton, cotton satin, jersey, flannel, as well as woolen blankets, bed spreads and decorative cushions.

We have carefully looked for partners in Portugal to assist us in producing our products. All these factories manufacture according to the well-known quality labels such as Oeko-tex. Since quality is our top priority, we have also decided to purchase all our linen from September 2023 with the European flax quality label, which guarantees that the flax comes from Europe.

In this catalogue, you will find our complete collection from Homelinen labels. As a true lover of linen, I am very curious to hear what you think of the collection.

If you have any questions, do not hesitate to contact me.

Sincerely, Barbara Sprengers
