- Pour semi-permanence l'utilisation
- Même installer facilement
- Protégés contre soleil et UV rayons
- Réduit la température
- Nettoyer simplement
- Protège contre le soleil, la pluie et grêle

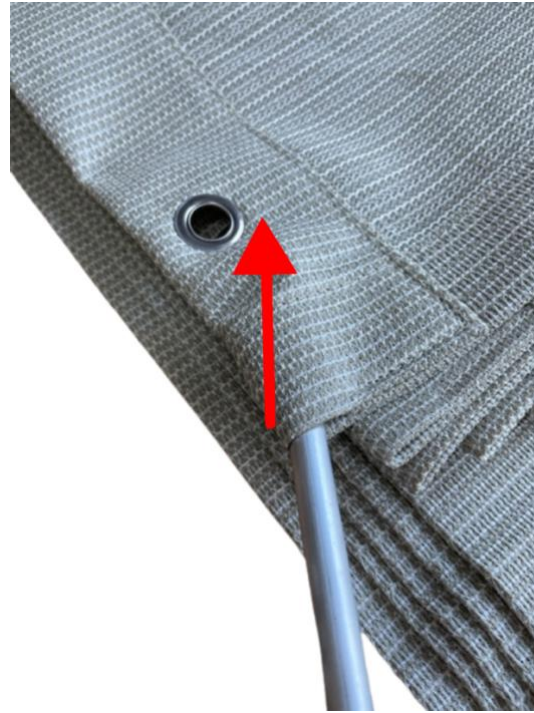

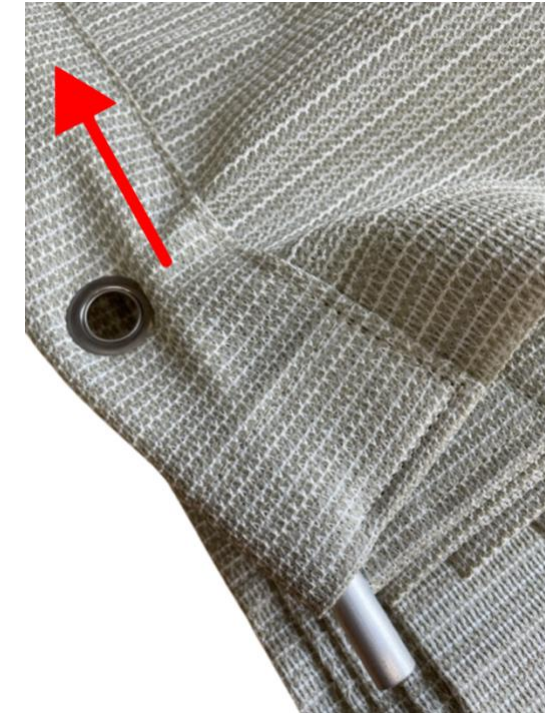

4. Slide the tube into the opening

3. Lift the tube slightly and slide it under the ring. Not above the ring!

2. Slide it further under the ring

1. You can slide the tube all the way through until it is completely under the ring. Because the sides are stitched, the tube cannot slip out.
