

Fibreglass lances for at high spraying, available in 2 different lengths, 3.2m and 5.4m. Adaptable to MATABI retained pressure and compression sprayers (with adapter) from 5L to 20L capacity, as well as electric sprayers.

Advantages

- Perfect for applications at height, hard-to-reach and remote areas.
- Particularly suitable for using with Matabi electric sprayers, providing an efficient application.
- Suitable for application of products of natural origin (pelargonic, acetic, etc...).
