

Versatile manual backpack sprayer with 16 and 20 litre capacity respectively. It includes a selection of nozzles that allows different types of application. Sprayer suitable for use in large gardens.

Advantages

- Robust and resistant stainless steel lance.
- Greater strength and performance to agrochemicals thanks to the robustness of the seal and the stainless steel handle.
- Maintenance without tools.
- Homogeneous treatment thanks to the pressure regulator.
- Possibility of mixing inside the tank thanks to the translucent liquid level indicator.
- Ambidextrous and lightweight keeping the ergonomics.
- Suitable for application of products of natural origin (pelargonicon, acetic, etc...).

Functional information

Stainless steel handle

3-position pressure regulator

Ergonomic and robust clamping nut

Lance/lever support

Integrated system to release the cylinder without emptying

Reinforced chamber with FPM retainer for intensive use

Integrated and comfortable transport handle

Stainless steel lance

Large filling opening

Translucent liquid level indicator

Adjustable padded straps
