

INSTRUCTION

Toyota GR Yaris
Front Hood Trim
YAR-06

1

This product require to cut the OEM bumper.

2

Fix template in bumper like shown on the image.

(You will receive one with order).

3

After you are done modifying the bumper, start cleaning back of the product with sand paper (slightly). Add adhesive at the lines as it is shown on the photo.

(We recommended Black Bodywork Silicon Glue as adhesive such as 3AM or Wurth).

4

Mount the product in the right position and keep the position until adhesive is dry.
