COLORSHIFT PRO APP GUIDE

PART# 5895

REV.02.04.2025

ROCK LIGHTS

DOWNLOAD THE PRO APP:

Available for free download from the App Store or Google Play, the ORACLE ColorSHIFT PRO App. **Be sure to allow all permissions for trouble free use.**

With the new ORACLE ColorSHIFT® PRO App, you can seamlessly control your lighting system with precision and ease. The app allows you to power your lights on and off, choose from a wide range of color variations and custom illumination patterns, adjust brightness levels, modify pattern speed, and synchronize your lights with sound or music through the dedicated sound features panel.

SMARTPHONE APP INTERFACE:

Click the Menu Bar then this drop down to see available devices in range.

STEP1:

Connect to Device

To turn the device on first connect then click the power icon Green Icon is "ON"

STEP2:

Turn On Device

Adjust the overall brightness with this slider here. Select color from the wheel.

STEP3:

Adjust Brightness

Select from different modes from the icons at the bottom of the app page.

APP TROUBLESHOOTING:

- 1) Reset the app in your smartphone settings and re-open the App.
- 2) Disconnect power from the Control Box for 10 sec and reconnect.
- 3) Ensure that Bluetooth function is enabled on your Smartphone
- 4) Ensure Location Services is turned ON in your phone settings.
- 5) ONE Smartphone can be connected at a time, disconnect other devices.
