

# ACRYLIC BRUSHES

## Product Description

Exclusive brushes for the nail professional with a blend of Kolinsky and Red Sable hair with a choice of wooden or aluminium handles. A cap is provided for the brush eliminating contamination while the brush is stored. A pressed ferrule for absolute control enabling the nail professional to easily sculpt convex in the nail enhancement. A balance of flexibility and stability in the brush hair to perfect product application in cuticle area and lateral side walls from the natural nail.

## Features & Benefits

- Blend of Kolinsky and Red Sable hair
- Wooden or aluminium handle
- Creates an absolute control in sculpting

## Usage

### Before using

Gently rock the brush hair back and forth with a lint free nail white loosening the coating used to hold the brush hair in form prior to usage. Fill a dappen dish with Astonishing monomer and soak the brush, pressing the brush on the sides of the dappen dish. Spread the brush hair on the upper edge of the dappen dish at the ferrule of the brush. Trim any excess brush hair standing out from the form of the brush.

### Storage

Apply brush cap eliminating contamination and keep brush horizontally with brush head pointed downwards. Keep brush stored in an Astonishing brush box when brush is not being used.
