

ACCESSORIES

Take your boat – and your Minn Kota gear – to the next level with our custom accessories. You can even order them online at:

minnkotamotors.com/accessories

BOW-MOUNT STABILIZER KITS

Heavy chop and wake can bounce your motor up and down – so stabilize it and protect it with one of these kits. It pivots into a vertical position when the motor is towed, locking it into place.

MKA-4
MAXXUM » RIPTIDE MAXXUM
Attaches to upper arm of motor.

MKA-29
MAXXUM » RIPTIDE MAXXUM
Attaches to side of motor.

MKA-50
FORTREX » RIPTIDE FORTREX

MKA-55
ULTERRA » TERROVA »
POWERDRIVE V2 » POWERDRIVE »
POWERDRIVE PONTON

HANDLES

› Rope and Handle, or Cable and Handle

For Minn Kota cable steer bow-mount motors, these replacement handles feature an ergonomic soft-grip design. Choose durable, abrasion resistant 48" nylon rope (MKA-45) or our premium, ultra-strong, abrasion-resistant, coated stainless steel braided cable (MKA-49).

MKA-43
25"

MKA-44
40"

› Telescopic Extension Handles

Simply twist the handle to loosen, adjust and tighten our extension handles. Go from 17" to 25" (MKA-43) or 24" to 40" (MKA-44) and experience total speed and steering control in any situation. Fits all outboard and trolling motors.

MKA-18
18"

MKA-7
30"

› Extension Handles

Provides easier steering and speed control for all hand control motors. Available in 18" (MKA-18) or extra-long 30" (MKA-7) models.

QUICK RELEASE BRACKETS

Easily remove your motor from your bow for safe storage anytime with our quick release brackets. Factory-made for a perfect fit and built tough for years of use.

See page 72 for trolling motor plugs.

› Composite Quick Release Brackets

Super tough and super secure. Made with high-yield composite material, these brackets are impervious to corrosion and feature a low-profile design that leaves the deck clear when the motor is removed. Plus, a locking handle with stainless steel pins can be secured with padlock (padlock not included, sold separately).

› Electric Steer Quick Release Brackets

A cam-lock design and ultra-tight tolerances eliminate bracket movement and noise. The locking lever includes a pin and lanyard. The upper and lower plates can be secured with a padlock (not included).

› Aluminum Quick Release Brackets

These extruded aluminum brackets pack plenty of toughness and feature a side screw for quiet, secure locking.

* For higher-thrust motors with 72" shafts, opt for the MKA-53 or RTA-54 bracket.
** MKA-32 includes a composite cover to keep the deck clean when the motor is removed.
*** MKA-51 can slide back 6" for easy storage and security.
† MKA-42 fits 45" and shorter foot control motors, and 52" and shorter hand control models. MKA-52/62 fits 52"-72" shaft foot control motors, and 62" shaft hand control motors.

REMOTE CONTROLS

i-Pilot Link Replacement Remote*
Replace the remote on your Bluetooth-enabled i-Pilot Link system – or get a spare. Features a waterproof, customizable touchscreen display. Charging cable sold separately.

i-Pilot Replacement Remote*
Get a replacement or additional remote for your Bluetooth-enabled i-Pilot. Features a compact, waterproof, ergonomic design and large LCD screen for instant feedback on all functions.

i-Pilot Link Charging Cable
Five-foot charging cable features a USB terminal that lets you choose between AC and DC power (AC and DC adaptors not included).

i-Pilot Link Remote Holding Cradle*
Secure your i-Pilot Link remote to your belt or console for easy access and quick removal.

Heading Sensor for i-Pilot and i-Pilot Link
Enables Spot-Lock Jog feature on i-Pilot or i-Pilot Link for PowerDrive/Riptide PowerDrive. Jog lets you move a Spot-Lock location five feet in any direction.

Micro Remote for i-Pilot and i-Pilot Link*
Get compact, simple control of i-Pilot or i-Pilot Link. This Bluetooth Micro Remote accessory delivers quick command of Spot-Lock, speed, steering and Advanced AutoPilot.

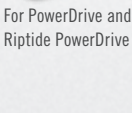

CoPilot Replacement Remotes
Control prop on/off, speed and steering on your CoPilot-equipped motor. Terrova/Riptide Terrova version adds high-speed bypass and AutoPilot control.

Note: Neck lanyard not included with replacement remote.

For Terrova and Riptide Terrova

For PowerDrive and Riptide PowerDrive

* See minnkotamotors.com for additional legacy product accessories.

BUILT-IN MEGA

BUILT-IN MEGA DOWN IMAGING ADAPTERS

Shielded cables deliver crystal clear MEGA Down Imaging, connecting your Humminbird HELIX® fish finder to a Minn Kota motor with Built-In MEGA Down Imaging. Adapter not required for Humminbird SOLIX® models.

MKR-MDI-1 HELIX 8, 9, 10, 12
MKR-MDI-2 HELIX 7

US²

UNIVERSAL SONAR 2 ADAPTERS

Universal Sonar 2 delivers streamlined, interference-free sonar performance and DualBeam PLUS™ technology for the best view of the waters below. These adapters connect your motor to your favorite brand of sonar or fish finder* with waterproof connectors.

MKR-US2-1	Garmin®*	MKR-US2-11	Universal Sonar 2 Extension Cable
MKR-US2-8	Humminbird 7-pin*	MKR-US2-12	Garmin Echo*
MKR-US2-9	Lowrance® 6-pin*	MKR-US2-13	Humminbird ONIX®*
MKR-US2-10	Lowrance/Eagle Blue*	MKR-US2-14	Garmin 8-pin*

For a complete compatibility list, visit www.minnkotamotors.com.
* 200kHz/83kHz DualBeam compatible and only provides traditional 2D sonar.

REPLACEMENT FOOT PEDALS

Get a low-profile, ergonomically designed foot pedal for your motor.

1866070

Ulterra and Riptide Ulterra Corded Foot Pedal

Activate Auto Stow/Deploy and Power Trim, Spot-Lock, AutoPilot, speed, steering (heel/toe or left/right), and momentary/constant on. Waterproof design with 18' cord.

1866080

PowerDrive and Riptide PowerDrive Corded Foot Pedal*

Control speed, steering and momentary/constant on. Waterproof design with 18' cord. Compatible with regular and V2 motors, and those equipped with CoPilot. Not compatible with i-Pilot equipped motors.

1866076

Terrova and Riptide Terrova Corded Foot Pedal*

Activate Spot-Lock, AutoPilot, speed, steering (heel/toe or left/right) and momentary/constant on. Waterproof design with 18' cord. Works with CoPilot, i-Pilot and i-Pilot Link. Compatible with 2017 and later models only.

* See minnkotamotors.com for additional legacy product accessories.

BATTERY ACCESSORIES

› Battery Connectors

Patented design is ideal for installing batteries in tight, confined places. Easy to disconnect for quick, convenient charging. Plastic cover eliminates risk of electrical shock.

MK-BC-1

› Battery Power Center

For small boat, transom applications, these easy access external battery terminals allow trolling motor leads and charger leads to be connected without opening the box. Built-in battery meter includes two 12-volt accessory plugs, and two manual reset circuit breakers (10 amp for accessory plugs and 60 amp for trolling motor). Fits group 24- and 27-size batteries.

› Digital Battery Meter

Monitor the voltage level and “state of charge” of any 12-volt battery with a LCD display mounted on a compact frame that’s easy to store anywhere. Includes LEDs that indicate full, 2/3, 1/3 or 0 “state of charge.”

MK-BM-10

› AC Power Port

Our convenient adapter allows quick thru-hull connection to an AC extension cord using the male AC plug from any of our chargers. No cutting or splicing required. The watertight cover and gasket prevent corrosion on the AC plug when it isn’t in use.

MKR-21 (Freshwater)

MKR-23 (Saltwater)

› Trolling Motor Quick Connect

For wiring where a plug and socket cannot be used. Heavy-duty 10-gauge connectors.

MKR-12

NEW › Motor Plug and Receptacle

Get a corrosion-resistant, watertight connection, featuring a sealed, waterproof design, adjustable mounting locations and a secure threaded electrical connection. Saltwater (gold-plated terminals) or freshwater (nickel-plated) versions available. Continuous power rated to 60 amps.

MKR-24 (Saltwater)

MKR-25 (Freshwater)

› Circuit Breaker

Protects trolling motor from electrical damage. 60 amp rating with manual reset. Fully waterproof. Compatible with all 12-, 24- and 36-volt systems.

MKR-19

› Charger Output Extension Cables

Extension cables are ideal when standard charger cables will not reach bow, center or transom battery compartments. Fused (30 amp) positive and negative leads. Available in 15' length.

MK-EC-15

PROPS AND PROP ACCESSORIES

For complete prop compatibility list, go to minnkotamotors.com/props.

› Weedless Wedge™ 2 Props

Swept-back and flared blades push weeds away even better than the original Weedless Wedge™. Delivers improved efficiency through the heaviest vegetation, at any speed.

MKP-32, MKP-33, MKP-38

› Weedless Wedge Props

100% weedless. Unique, patented design pushes weeds away to conserve battery power. Easily moves through heavy vegetation, even at slow speeds.

MKP-6, MKP-7, MKP-8, MKP-24

› Power Props

Delivers extra power to push through heavy vegetation. Fits 3-1/4" (MKP-2) and 3-5/8" (MKP-37) diameters.

MKP-2, MKP-37

MKP-9

MKP-34

› Prop Nut Kits

Easy-to-use kit that allows for fast removal/ replacement of prop. Available in three different sizes to fit Minn Kota prop dimensions (3/8", 1/2" and 5/16"). Requires crescent wrench for installation.

MKP-9, MKP-10, MKP-23, MKP-34

› Transducer Mounting Kit

Allows mounting on lower unit of bow- or transom-mount motors. Rugged, durable construction. Fits transducers of all major manufacturers.

MKR-15

DECKHAND™ ELECTRONIC ANCHOR WINCHES

DeckHand™ automatically raises and lowers your anchor at the touch of a button, with a special anti-drag system that senses the bottom to allow for controlled drifting.

2 YEAR WARRANTY

› DeckHand 40

Our highest-capacity model, featuring a universal davit to stow anchor horizontally and eliminate anchor swing — plus a shackle for quick anchor changes.

- 12V power
- 40-pound anchor capacity (anchor not included)
- Anchor stowing davit
- Pre-spoiled with 800-pound test nylon rope (100 feet)
- On-unit switch (remote switch optional)

› DeckHand 25R

Take remote control of your DeckHand with a 12' corded remote.

- 12V power
- 25-pound anchor capacity (anchor not included)
- Anchor stowing davit
- Pre-spoiled with 800-pound test nylon rope (60 feet)
- 12' corded remote

› DeckHand 25

An everyday workhorse that's reliable and easy to control.

- 12V power
- 25-pound anchor capacity (anchor not included)
- Anchor stowing davit
- Pre-spoiled with 800-pound test nylon rope (60 feet)
- On-unit switch

› DeckHand Pontoon

Easy to mount and remove, thanks to the included Quick Release Bracket (MKA-16-03) and Quick Connect Plug (MKR-20).

- 12V power
- 40-pound anchor capacity (anchor not included)
- DeckHand 40 remote switch

Operate DeckHand from anywhere with this 25' corded remote switch — optional on DeckHand 40 and comes standard on DeckHand Pontoon.

DRIFT SOCK

Optimize your bait presentation by slowing down your drift over suspended fish. Features durable construction and — on our MKA-27 — built-in weights and floats that allow it to automatically open when placed in the water.

Drift Sock works against wind and current to improve bait presentation over holding fish.

› MKA-26

- 34" deep x 22" diameter
- 210 denier ripstop nylon
- Four heavy-duty 1" nylon straps
- 1" wide yellow pull strap for easy retrieval

› MKA-27

- 34" deep x 22" diameter
- 420 denier ripstop nylon
- Four heavy-duty 1" nylon straps
- 1" wide yellow pull strap for easy retrieval

› MKA-28: Drift Sock Harness

- 7' length
- 12" sewn loop attaches to any cleat
- Quick connect clip
- Float allows sock to be quickly released to prevent tangles when fighting/landing fish
