ELB 1200

Your Studio. Wherever You Want To Be.

Unlock the potential of the ELB 1200's ecosystem. With the choice of a mains solution and two batteries, follow your inspiration wherever it takes you. Stay in your studio or go out on location, the choice is yours.

Unrivalled Colour & Power

With a power range of 7 Ws/J to 1200 Ws/J combined with a 2:1 or 1:1 power distribution and exceptional colour consistency, the ELB 1200 offers unlimited creative possibilities.

Spend more time shooting and less retouching.

Speed is the Essence

Delivering fast flash duration up to 1/8850s (at 33% flash power), the Action head is designed to create sharp images across the full power range. All combined with a short recycling time of 1.8s at full power.

Shoot faster and sharper.

Photo & Video in One Pack

Equipped with a bright dimmable daylight LED modelling lamp, the ELB 1200 flash heads provide exceptional lighting capabilities for both still photography and video.

Save weight and time with one single setup.

Countless Stories to Tell

Photography is all about telling a story and lighting is an integral part of this. Together with the Elinchrom range of accessories, benefit from perfect light distribution and generate high-end light quality.

Bring light to your stories.
