Quick Start Guide

Dock

CONNECT THE DOCK

Hold the ELB 1200 over the Dock and press the unit firmly down until two clicks indicate that the Dock is connected with the ELB 1200. Please recheck and lock with the security button.

RELEASE THE DOCK

To remove the Dock from the ELB 1200 unit, lift the security knob to open and then grab and pull to open and remove the Dock.

DOCK CONNECTION

The Dock is intended to be used with the ELB 1200 flash unit ONLY.

Press down to lock

Press up to unlock

Grab and pull to open and separate the battery from the unit
