

Made to Measure

The Peaky Blinders always look super suave, with their tweed suits and flat caps. And of course you want to copy that look! To make sure that your Peaky style suit has the perfect fit, we recommend taking your measurements before ordering your suit. This makes the ordering process a lot easier and faster. And as some measurements can be quite tricky to take on your own, it's best to ask someone to help you with this.

The more accurate the measurements, the better your suit will fit you.

Yeah guys, becoming a real Blinder requires some effort. But it will all pay off when you're wearing your own Shelby-worthy, vintage style Peaky Blinders suit that is perfectly tailored to your body!

1) NECK Wrap a measuring tape around your neck, as shown in the picture. This is your neck size (ranging from 36 to 48 cm).

2) SHOULDERS Measure from shoulder to shoulder, as shown in the picture. This is your shoulder size (ranging from 36 to 58 cm).
