WHY CHOOSE THE ELEGANCE RANGE?

BOOSTED LIGHT EFFECTS

CHROMO THERAPY LEDS
Chromo therapy is a technique that uses the visible and invisible properties of 3 different colours in Led lighting. They have a calming, inspiring and balancing effect.

WATER FOUNTAIN
Water Fountain is a flow of water that simulates a deep sense of relaxation. This resource adds a warm feeling in the neck area of the user and provides emotion to the Spa.

LED JETS
Led Jets are back lit jets with multi coloured led sto enhance the chromotherapy effect.

LIGHTENED CUP HOLDER
Illuminated cupholders to potentiate the chromotherapy effect of the spa led lights.

FLOW DIVERTER

The flow diverter is a valve that allows the user to adjust the massage power by balancing the massage flow between two zones of the spa.

OZONE GENERATOR

The Ozone disinfects water by killing viruses and biological contaminants, reducing the levels needed of chemical products in the spa.

VENTURIVALVES

Valves that allow the injection of air into the water flow enhancing the performance and feeling of the water massage.

ALUMINUM STRUCTURE

Spa frame upgraded to aluminum to provide durability and stability of the spa and all its components.

CONTROL TOUCH 3

VIBRANT SCREEN DISPLAY

The SpaTouch3™ display is 2x brighter than the SpaTouch2™ display.

DURABLE & DEPENDENT

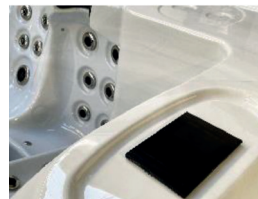

The SpaTouch3™ incorporates the latest touch technology with capacitive touch.

WATER FRIENDLY

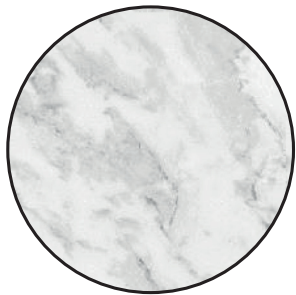

Water friendly capacitive touch (similar to the iPhone®) that will remain responsive in tough environments.

LARGER, STUNNING DISPLAY

The SpaTouch3™ provides stunning clarity and a premium true color display.
