

CLEAN, POWERFUL BASS,
WIRELESSLY.

Bowers & Wilkins

FORMATION **BASS**

The wireless Formation Bass from Bowers & Wilkins, as part of the Formation Suite, puts even wired subwoofers to the test. Its unique patented cylindrical design enables the use of opposed dual driver technology to reduce distortion, while a powerful Class D amplifier with Dynamic EQ delivers crisp, clean sound. Formation Bass is more accurate, well-timed, and more expressive than ever creating a greater depth of sound you can not only hear, but also feel. It also pairs seamlessly with other speakers in the Formation Suite and together they create the Highest Form of Sound™.

Model	Formation Bass
Description	Wireless Subwoofer
Technical features	Digital Signal Processing (DSP) Digital amplifier Dynamic EQ
Drive units	2 x 165mm (6.5 in) long throw bass unit
Frequency response	20Hz to 150Hz
Amplifier power output	250W
Input voltage	100V – 240V – 50/60Hz
Power consumption	Below 6 Watts (Sleep)*
Connections	Network (RJ45 Ethernet or WiFi) USB – service only
Dimensions	Height: 254mm (10 in) Width: 281mm (11.1 in) Depth: 260mm (10.2 in)
Weight	12.5kg (27.6 lb)
AirPlay 2 compatibility	iPhone, iPad, and iPod touch with iOS 11.4 or later, Apple TV 4K or Apple TV (4th Generation) with tv OS 11.4 or later, Mac or PC with iTunes 12.8 or later.

*Formation products create a mesh network. Each product in this network dynamically chooses the optimal path to route audio-data between products, in order to ensure a robust streaming experience. We have therefore certified Formation products for High Network Availability (HiNA) and conform to the appropriate power requirements set out in the ERP directive.
