

## Instructies voor solar lichtsnoer met 6W zonnepaneel

**Belangrijk!** Voordat het lichtsnoer in gebruik wordt genomen dient het zonnepaneel **volledig te worden opgeladen met een USB C kabel**. De oplaadtijd bedraagt **8 uur** voordat het zonnepaneel volledig is opgeladen.

Let bij het plaatsen van het zonnepaneel en het ophangen van het lichtsnoer op de volgende punten:

### Zonnige plek

Het zonnepaneel dient op een zonnige plek te worden geplaatst waarbij het paneel maximaal zonlicht kan opnemen. Dit zorgt ervoor dat de batterij beter oplaadt en het lichtsnoer feller en langer zal branden.

### Geen schaduwplek

Let op dat het zonnepaneel niet lang in de schaduw ligt van bijvoorbeeld je huis of een boom. In de schaduw wordt de batterij niet voldoende opgeladen en zal het lichtsnoer minder fel, korter of helemaal niet gaan branden wanneer het donker wordt.

### Andere lichtbron

Plaats het zonnepaneel niet in de buurt van een andere lichtbron. Door het licht van de andere lichtbron wordt de licht/donker sensor in het zonnepaneel ontregeld en zal het lichtsnoer niet aangaan.

### Kabelbreuk

Let op dat het snoer van het zonnepaneel naar het eerste lampje niet klem komt te zitten om zo kabelbreuk te voorkomen.

### Ophangen lichtsnoer

Laat het lichtsnoer niet de volledige lengte overbruggen, maar ondersteun het lichtsnoer om de halve meter. Dit om kabelbreuk te voorkomen.

## Uitleg 6W zonnepaneel

### Aan/uitknop

Druk éénmaal op de aan/uitknop om het zonnepaneel in te schakelen. Druk nogmaals om het zonnepaneel uit te schakelen.

### Modusknop

Het zonnepaneel heeft verschillende modussen:

- Modus 1: continue branden
- Modus 2: langzaam knipperen
- Modus 3: snel knipperen
- Modus 4: dubbel knipperen, gevolgd door 1,2 seconden pauze

### Specificaties zonnepaneel

- Batterij is volledig opgeladen in 8 uur door middel van een USB C kabel.
- Batterij capaciteit: 4 x 2000mAh

## Instruction for string light with 6W solar panel

**Important!** Before using the light string, the solar panel must be **fully charged with a USB C cable**. The charging time is **8 hours** before the solar panel is fully charged.

When placing the solar panel and hanging the light string, pay attention to the following points:

### Sunny spot

The solar panel should be placed in a sunny spot where the panel can absorb maximum sunlight. This will ensure that the battery charges better and the light cord will burn brighter and longer.

### No shaded area

Make sure that the solar panel is not in the shade of, for example, your house or a tree for a long time. In the shade, the battery will not be charged enough and the light string will burn less brightly, shorter or not at all when it gets dark.

### Other light source

Do not place the solar panel near another light source. The light from the other light source will disrupt the light/dark sensor in the solar panel and the light string will not turn on.

### Cable break

Make sure that the cable from the solar panel to the first light is not pinched to prevent cable breakage.

### Hanging the light cord

Do not allow the light cord to cover the entire length, but support it every half meter. This is to prevent cable breakage.

## Explanation of 6W solar panel

### Power button

Press the power button once to turn on the solar panel. Press again to turn off the solar panel.

### Mode button

The solar panel has several modes:

- Mode 1: continuous light
- Mode 2: slow blinking
- Mode 3: rapid blinking
- Mode 4: double flashing followed by a 1.2 second pause

### Specifications solar panel

- Battery is fully charged in 8 hours with a USB C cable.
- Battery capacity: 4 x 2000mAh

## Anleitung für Lichterkette mit 6W Solarpanel

**Wichtig!** Vor der Verwendung der Lichterkette muss das Solarpanel **mit einem USB-C-Kabel vollständig aufgeladen werden**. Die Ladezeit beträgt **8 Stunden**, bevor das Solarpanel vollständig aufgeladen ist.

Achten Sie beim Aufstellen des Solarpanels und beim Aufhängen der Lichterkette auf die folgenden Punkte:

### Sonniger Platz

Das Solarpanel sollte an einem sonnigen Ort aufgestellt werden, an dem es das meiste Sonnenlicht aufnehmen kann. Dadurch wird die Batterie besser aufgeladen und die Lichterkette brennt heller und länger.

### Kein schattiger Bereich

Achten Sie darauf, dass das Solarpanel nicht über längere Zeit im Schatten eines Hauses oder eines Baumes steht. Im Schatten wird die Batterie nicht ausreichend aufgeladen und die Lichterkette brennt weniger hell, kürzer oder gar nicht, wenn es dunkel wird.

### Andere Lichtquelle

Stellen Sie das Solarpanel nicht in der Nähe einer anderen Lichtquelle auf. Das Licht der anderen Lichtquelle stört den Hell-Dunkel-Sensor im Solarpanel und die Lichterkette schaltet sich nicht ein.

### Kabelbruch

Achten Sie darauf, dass das Kabel vom Solarpanel zur ersten Leuchte nicht eingeklemmt wird, um Kabelbruch zu vermeiden.

### Aufhängen des Lichtkabels

Lassen Sie das Lichtkabel nicht über die gesamte Länge hängen, sondern stützen Sie es alle halben Meter. Dadurch wird ein Kabelbruch verhindert.

## Erläuterung des 6W-Solarpanels

### Einschalttaste

Drücken Sie die Einschalttaste einmal, um das Solarpanel einzuschalten. Drücken Sie erneut, um das Solarpanel auszuschalten.

### Modustaste

Das Solarpanel verfügt über mehrere Modi:

- Modus 1: Dauerlicht
- Modus 2: langsames Blinken
- Modus 3: schnelles Blinken
- Modus 4: doppeltes Blinken gefolgt von einer 1,2 Sekunden langen Pause

### Spezifikationen Solarpanel

- Die Batterie ist in 8 Stunden mit einem USB-C-Kabel vollständig aufgeladen.
- Akku-Kapazität: 4 x 2000mAh

## Instructions pour la guirlande lumineuse avec panneau solaire 6W

**Important !** Avant d'utiliser la guirlande lumineuse, le panneau solaire doit être **entièrement chargé avec un câble USB C**. Le temps de charge est de **8 heures** avant que le panneau solaire ne soit complètement chargé.

Lorsque vous placez le panneau solaire et suspendez la guirlande lumineuse, faites attention aux points suivants :

### Endroit ensoleillé

Le panneau solaire doit être placé dans un endroit ensoleillé où le panneau peut absorber un maximum de lumière solaire. Ainsi, la batterie se chargera mieux et le cordon lumineux brûlera plus longtemps et plus brillamment.

### Pas de zone ombragée

Veillez à ce que le panneau solaire ne soit pas à l'ombre, par exemple de votre maison ou d'un arbre, pendant une longue période. À l'ombre, la batterie ne sera pas suffisamment chargée et le cordon lumineux brûlera moins fort, moins longtemps ou pas du tout lorsqu'il fera nuit.

### Autre source de lumière

Ne placez pas le panneau solaire à proximité d'une autre source de lumière. La lumière de l'autre source lumineuse perturbera le capteur de luminosité/obscurité du panneau solaire et la guirlande lumineuse ne s'allumera pas.

### Rupture de câble

Veillez à ce que le câble reliant le panneau solaire à la première lampe ne soit pas pincé pour éviter toute rupture de câble.

### Suspension du cordon lumineux

Ne laissez pas le cordon lumineux couvrir toute la longueur, mais soutenez-le tous les demi-mètres. Cela permet d'éviter la rupture du câble.

## Explication du panneau solaire 6W

### Bouton d'alimentation

Appuyez une fois sur le bouton d'alimentation pour allumer le panneau solaire. Appuyez à nouveau pour éteindre le panneau solaire.

### Bouton Mode

Le panneau solaire dispose de plusieurs modes :

- Mode 1 : lumière continue
- Mode 2 : clignotement lent
- Mode 3 : clignotement rapide
- Mode 4 : double clignotement suivi d'une pause de 1,2 seconde.

### Caractéristiques du panneau solaire

- La batterie se recharge complètement en 8 heures avec un câble USB C.
- Capacité de la batterie : 4 x 2000mAh

## Safety guidelines

### Notes on disposal

The product is designated for separate collection at an appropriate collection point. Do not dispose of the product with household waste. For more information, contact the retailer or the local authority responsible for waste management.

### Care

Before cleaning the unit, disconnect it from the power outlet, if necessary. Do not use aggressive cleaning agents.

### Warranty

The unit has been carefully checked for defects. If nevertheless you do have cause for complaint, please go back to the retailer where you have bought the product together with your proof of purchase.

### Safety

#### General advice

- Read the manual carefully before use. Keep the manual for future reference.
- Only use the product for its intended purposes. Do not use the product for

other purposes than described in the manual.

- Do not use this product if any part is damaged or defective. If the product is damaged or defective, replace the product immediately.
- Do not modify the product in any way.
- Do not expose the product to water or moisture (IP20).
- Do not immerse the product into water (IP44 - IP66).
- Keep the product away from heat sources.
- Do not block the ventilation openings.
- Do not look directly into the light source of the LED lamp.
- Keep a minimum distance of >2 metres between the lamp and the surface being illuminated.

#### Electrical safety

- To reduce risk of electrical shock, this product should only be opened by an authorized technician when service is required.
- Do not use the product if the cable or plug is damaged or defective. When damaged or defective, it must be replaced by the manufacturer or an authorized repair agent.
- Before use, always make sure that the voltage is the same as the voltage on the rating plate of the device.

#### Warning

- The light source contained in this luminaire shall only be replaced by the manufacturer or his service agent or a similar qualified agent.
- Caution, risk of electric shock.

### Letting the product be repaired

The product is not designed for repair. The product should be replaced by the manufacturer or a similar qualified agent.

### Underhood

Before cleaning the unit, disconnect it from the power outlet, if necessary. Do not use aggressive cleaning agents.

### Garantie

The product is carefully checked for defects. If nevertheless you do have cause for complaint, please go back to the retailer where you have bought the product together with your proof of purchase.

### Veiligheid

#### Algemene veiligheid

- Lees voor gebruik de handleiding zorgvuldig door. Bewaar de handleiding voor toekomstige verwijzing.
- Gebruik het product alleen voor de beoogde doeleinden. Gebruik het product niet voor andere doeleinden dan beschreven in de handleiding.
- Gebruik het product niet als er een onderdeel beschadigd of defect is.

### Hinweise für die Entsorgung

The product is designated for separate collection at an appropriate collection point. Do not dispose of the product with household waste. For more information, contact the retailer or the local authority responsible for waste management.

### Pflege

Before cleaning the unit, disconnect it from the power outlet, if necessary. Do not use aggressive cleaning agents.

### Gewährleistung

The product is carefully checked for defects. If nevertheless you do have cause for complaint, please go back to the retailer where you have bought the product together with your proof of purchase.

### Sicherheit

#### Generelle Sicherheit

- Lesen Sie die Anleitung vor Gebrauch sorgfältig durch. Behalten Sie die Anleitung, zum späteren Nachschlagen.
- Verwenden Sie das Produkt nur für den vorgesehenen Zweck.
- Verwenden Sie das Produkt nicht für andere Zwecke als in der Anleitung beschrieben.
- Benutzen Sie das Produkt nicht, wenn ein Teil beschädigt oder defekt ist.

### Remarques sur l'élimination

The product is designated for separate collection at an appropriate collection point. Do not dispose of the product with household waste. For more information, contact the retailer or the local authority responsible for waste management.

### Maintenance

Before cleaning the unit, disconnect it from the power outlet, if necessary. Do not use aggressive cleaning agents.

### Garantie

The product is carefully checked for defects. If nevertheless you do have cause for complaint, please go back to the retailer where you have bought the product together with your proof of purchase.

### Sécurité

#### Instructions générales

- Lisez attentivement le manuel avant l'utilisation. Conservez le manuel pour référence ultérieure.
- Utilisez l'appareil uniquement aux fins prévues. Ne pas utiliser l'appareil à d'autres fins que celles décrites dans le manuel.
- N'utilisez pas l'appareil si une pièce est endommagée ou défectueuse. Ne pas utiliser l'appareil décrit dans le manuel à d'autres fins.
- Ne modifiez pas l'appareil de quelque manière que ce soit.

The external flexible cable or cord of this luminaire cannot be replaced; if the cord is damaged, the luminaire has to be destroyed.

### Note sullo smaltimento

The product is designated for separate collection at an appropriate collection point. Do not dispose of the product with household waste. For more information, contact the retailer or the local authority responsible for waste management.

### Cura del prodotto

Before cleaning the unit, disconnect it from the power outlet, if necessary. Do not use aggressive cleaning agents.

### Garanzia

The product is carefully checked for defects. If nevertheless you do have cause for complaint, please go back to the retailer where you have bought the product together with your proof of purchase.

### Sicurezza

#### Consigli generali

- Leggere attentamente il manuale prima dell'utilizzo. Conservare il manuale per riferimenti nel futuro.
- Utilizzare il prodotto solo per gli scopi previsti. Non utilizzare il prodotto per scopi diversi da quelli descritti nel manuale.
- Non usare questo prodotto se una qualsiasi parte è danneggiata o difettosa. Se il prodotto è danneggiato o difettoso, sostituirlo

### Notas para su eliminación

The product is designated for separate collection at an appropriate collection point. Do not dispose of the product with household waste. For more information, contact the retailer or the local authority responsible for waste management.

### Mantenimiento

Before cleaning the unit, disconnect it from the power outlet, if necessary. Do not use aggressive cleaning agents.

### Garantía

The product is carefully checked for defects. If nevertheless you do have cause for complaint, please go back to the retailer where you have bought the product together with your proof of purchase.

### Seguridad

#### Consejos generales

- Leer el manual cuidadosamente antes de usar el producto. Guarde el manual para referencias futuras.
- Solo usar el producto para sus objetivos pensados. No usar el producto para otros objetivos aparte de los descritos en el manual.
- No usar este producto si tiene alguna parte dañada o si está defectuosa. Si el producto está dañado o defectuoso, reemplazar el producto

### Information om bortskaffelse

The product is designated for separate collection at an appropriate collection point. Do not dispose of the product with household waste. For more information, contact the retailer or the local authority responsible for waste management.

### Underhold

Before cleaning the unit, disconnect it from the power outlet, if necessary. Do not use aggressive cleaning agents.

### Garanti

The product is carefully checked for defects. If nevertheless you do have cause for complaint, please go back to the retailer where you have bought the product together with your proof of purchase.

### Sikkerhed

#### Generelle anvisninger

- Læs vejledningen grundigt inden brug. Opbevar manualen til fremtidig reference.
- Brug kun dette produkt til det tilsigtede formål. Brug ikke produktet til andre formål end det beskrevet i manualen.
- Brug ikke produktet, hvis en del er beskadiget eller defekt. Hvis produktet er beskadiget eller defekt, skal du straks udskifte det.
- Dette produkt må ikke være i umiddelbar nærhed af børn uden opsyn af

### Observera vid bortskaffande

The product is designated for separate collection at an appropriate collection point. Do not dispose of the product with household waste. For more information, contact the retailer or the local authority responsible for waste management.

### Underhåll

Before cleaning the unit, disconnect it from the power outlet, if necessary. Do not use aggressive cleaning agents.

### Garanti

The product is carefully checked for defects. If nevertheless you do have cause for complaint, please go back to the retailer where you have bought the product together with your proof of purchase.

### Säkerhet

#### Generella råd

- Läs manualen noggrant innan användning. Behåll manualen för framtida hänvisningar.
- Använd produkten endast för dess avsedda ändamål. Använd inte produkten för andra ändamål än vad som beskrivs i manualen.
- Använd inte den här produkten om någon del är skadad eller defekt. Om produkten är skadad eller defekt, ersätt den omedelbart.
