Contec® DualClean™ Micro iber Cover

Terry style microfiber cover for DualClean Softwall Strip Cleaner Frame

The DualClean Softwall Strip Cleaner is a unique system that enables one operator to easily and quickly clean both sides of 4"-12" (10-30cm) plastic strip curtains in a single pass there by reducing time to clean softwall strips. The system consists of a fabric cover that is installed over a stainless steel frame with two curved-surface arms.

The microfiber cover for the DualClean Softwall Strip Cleaner traps and removes dust and other visible contaminants. It is compatible with a wide variety of solvents and is ideal for less critical environments.

The microfiber cover is laundered in an ISO Class 4 cleanroom.

For best performance, use saturated with suitable solvent or disinfectant.

Covers are autoclavable with a recommended cycle of 121°C for 30 minutes.

Features & Benefits

• Cleanroom laundered

• Compatible with most common solvents and disinfectants

• Improves cleaning performance by trapping and removing contaminants

Performance Characteristics

Product Information

Cover material	Polyester microfiber
Construction	Terry style knit
ISO Class cGMP Grade	6-8 C/D
Compatible Mop Frames	2778
