

BC-21 BOUFFANT CAPS

Non-Woven Polypropylene Bouffant Caps

Key Features

- ▷ 100% non-woven polypropylene
- ▷ Covered latex/polyethylene elastic edge
- ▷ Diameter: 21" (530 mm)
- ▷ Weight: 12 g/m²
- ▷ Light weight and breathable material
- ▷ Allow excellent comfort and stability
- ▷ Non-toxic and non-carcinogenic
- ▷ Suitable for use in cleanroom environments

Technical Data

↳ Performance Characteristics

Material	Property	Value
Non-woven polypropylene	Basic weight	12 g/m ²
	Tensile strength	
	MD (machine direction)	15 MPa
	CD (cross direction)	25 MPa
