

SERVICE INFORMATION 2022 International

Version 03-01-2022

Dear partner,

The product warranties for Tunturi brands have been reviewed and new products are added. The warranty commences from January 1st 2022 onwards according to the charts mentioned in this document.

You will notice that our warranty conditions are still one of the best on the market. The main reason of the changes are the developments of new products lines.

Tunturi Fitness only communicate these warranty conditions to you as partner. This means that the warranty conditions are valid for you as our partner/customer and will not be shown on our international website www.tunturi.com.

The reason is to give you more flexibility to make your own warranty conditions according to the legislations in your country. So if end customers will consult our website, we will advise them to go to the local dealer for the warranty conditions.

To be clear the warranty conditions are valid from the purchase date of the consumer. Therefore a copy of the purchase receipt can be requested to claim the warranty.

Have a great seasons with the sales of our products.

With best regards / Met vriendelijke groet,

Wen Tung
R&D, Quality & Aftersales Manager

TUNTURI[®]

FEEL BETTER EVERY DAY

SERVICE INFORMATION 2022 International

Version 03-01-2022

You as our partner can claim our most extensive warranty conditions.
The usage time and the related warranty conditions are described on the following pages.

Environments:

We distinguished three different environments of use, whereby the quality of our products and the amount of use determines the warranty conditions.

Home use, Professional use and Commercial use.

HOME USE: (usage time a day 2-5 hrs)

All products are suitable for Home use.

PROFESSIONAL USE: (usage time a day 6-8 hrs)

We mean by professional use, small hospitals, physiotherapists, hotels, schools, small studios, fire departments, police stations .

Various products can be used professionally, such as the 60-series of the Tunturi Performance collection, Tunturi Endurance collection and the Platinum Pro collection.

COMMERCIAL USE: (usage time a day 24 hrs)

We mean by commercial use, environments like large 24/7 gyms (Fitness First, Big Sky Fitness, Basic Fit etc.) which expects the maximum of our product for unlimited use.

SERVICE INFORMATION 2022 International

Version 03-01-2022

General:

Warranty terms

These Terms and Conditions of Warranty are only applicable to the first owner / purchaser of the fitness equipment. The warranty period commences on the date on which the equipment is purchased by your customer.

The Terms and Conditions of Warranty are only applicable for normal use of the product, as described in the product manual, amongst other things, which is also available from this website.

Repair in Warranty

Repairs made during Warranty will not extend the Warranty terms.

This means that a repair made in the last 3 months, the warranty of the trainer is still 3 years from purchase date.

Repair Out of Warranty

Parts have standard 1 year warranty on manufacturing defects and / or functionality!

Product endings

We like to explain our warranty conditions for Tunturi New Fitness products when the production has stopped.

Tunturi New Fitness has the obligation to:

- Inform when the product range is stopped, referring to the latest pricelist.
- Service with parts during the standard warranty conditions as mentioned above.
- Keep stock of all parts with a minimum of 5 years, except drive motor and frame. These are according to the warranty conditions mentioned above. If the parts aren't available anymore within the warranty period, Tunturi New Fitness will propose a solution to solve the problem.

Important!

To claim the warranty as mentioned above;

Tunturi New Fitness expects that the product will be sold within 18 months after production has stopped. If not, we will only give warranty for parts up till 5 years and 1 year labor after the production has stopped.

Products which are sold more than once.

When warranty is claimed, we sometimes discover by the serial number and purchase receipt, that a product is sold more than once or has two different purchase dates.

In this case we will give you the warranty conditions mentioned above, commencing from the first purchase receipt.
