Customization

The logo is produced using exclusive laser-based technology. This technology combined with the special material, that

includes high technological capability, allows us to customise the wording on the connector even on minimum lots.

**AVAILABLE IN:
DIFFERENT COLORS
DIFFERENT LOGO
DIFFERENT CABLE
LENGHT**

**THE SPECIAL ENGINEERING PLASTIC
COULD BE CUSTOMIZED ALSO IN COLOURS**

The special technopolymer with a high intrinsic technological capability means the connector colour can also be customised. The standard colours available, which can be produced in minimum lots, when agreed in advance, are as follows.

For other colours, an in-depth analysis must be carried out beforehand to guarantee that the result meets SCAME's high quality levels. For further information, please contact your SCAME sales and marketing representative.

The Italian production facility, in direct contact with the other company departments, also allows a rapid and high degree of customisation in terms of the length of the cord which can be agreed upon beforehand based on customer requirements.
