

Product overview

19 inch Rack Mounts Mac Studio

One or two Mac Studios

MyElectronics RackMounts for mini-PCs

We design and manufacture all kind of mini PC Rack Mounts for Intel NUC, Raspberry Pi, Mini-ITX and Mac mini / Mac Studio in house.

When more computer power is needed, we build and supply 19 inch short depth servers.

Raspberry Pi Rack Mounts

NUC Rack Mounts

Mac mini Rack Mounts

Mini-ITX Rack Mounts

Own production and design

We are very flexible and we also make custom designed computers on request.

We already delivered many private label PCs in wall-mount or 19 inch. And even PCs in color and with lasered company logo at the front.

* We offer the Mac Studio Rack Mount in two pre-configured options:

6880: Pre-configured for 1 or 2 Mac Studios. (blank cover included)

6881: Pre-configured for 1 Mac Studio and 1 Mac mini. (blank cover included)

The difference is mainly the position of the second (right) power button. Mac Studio and Mac mini have different orientations of the power button. But all the parts are included. You can convert your Mac Studio Rack Mount to any version, whatever your initial configuration was when you bought it.
