LAMELLI

MARDOM DECOR

Lamelli by Mardom Decor is a byword for quality, precision, and the best design. Wall panels are an absolute hit in interior design and a permanent fixture in contemporary design. Lamelli is an extension of the range of Mardom Decor, a leading manufacturer of decorative mouldings. The experience and high level of quality we have achieved in the production of mouldings have inspired us to create this unique product that completely changes any interior.

We have been dealing with wall decorations continuously for over 20 years. We are constantly following the current trends. We are aware of the challenges of modern construction industry. We know what properties the perfect product should have. To meet all these requirements, we have created a range of wall panels refined down to the smallest detail.

Thanks to the close contact with customers and interior designers, we meet our customers' needs and we are able to design patterns that are perfectly tailored to their preferences, both in functional and visual terms. The range of colours is based on different interior styles. The shapes and dimensions of wall panels are the result of a number of technical consultations. The material the panels are made of is of uncompromising quality, durability, and water resistance – the properties known to customers from Mardom Decor mouldings. Our installation technology allows for a quick and easy installation reachable for every customer.

We are happy to give you another product to decorate your spaces. We are sure that Lamelli in combination with Mardom Decor mouldings will help you put the finishing touches on your interiors.

STRETTO

The Stretto collection is an interior must-have for lovers of delicate and subtle accents in interiors. Narrow profiles form a dense pattern, giving a beautiful variety to a plain wall. With a wide range of colours, you can match the shade of the wall panels to the floor or furniture. They have the highest performance parameters, which makes them suitable for use in any room, such as bathroom, hall, or living room.
