

WHEEL OF FORTUNE

WHAT'S IN THE BOX?

- 5x Cross- beam A
- 1x Cross- beam with hole B
- 2x Standing piece outward C
- 1x Standing piece middle D
- 1x Rotating plate E
- 1x Arrow F
- 1x Plastic cap G

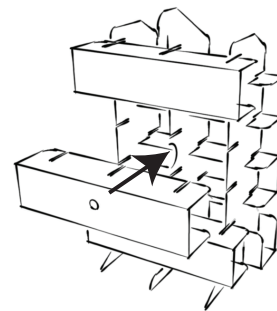

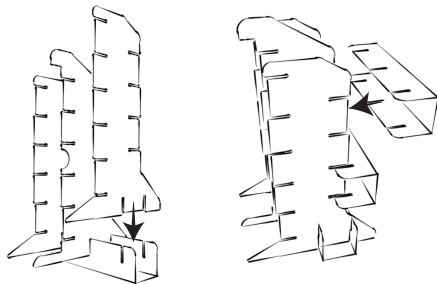

CAUTION! Fold towards the folding lines

Add the lines yourself with markers!

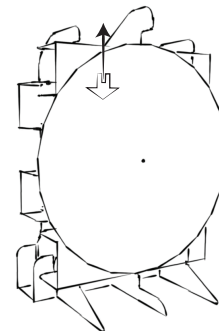

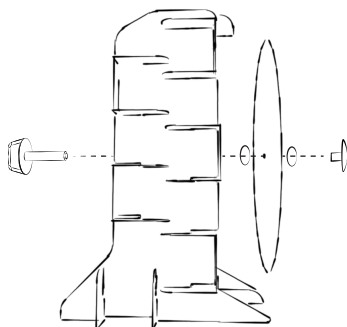

1. Check if you have all the components.

2. Make all cross- beams A+B ready by folding them as indicated.

3. Take the standing components C&D and attach them to one of the cross- beams without a hole. Slide the rear 2 cross- beams A into the standing parts as indicated.

4. Add the cross- beams to the front. Watch out, the middle cross- beam has a hole!

5. Add the rotating plate by attaching the cap into the hole.

6. Add the arrow to the top. Ready to turn!
