Spec for Chloroform 99,98+% p.a.

Appearance: clear liquid	Chemical formula : CHCl_3	EC no. 200-663-8
Art no. CHL34	CAS : 67-66-3	Purity p.a.

	typical data
Assay Chloroform	Min 99,98%
Moisture	Max 50 ppm
Acidity (HCl)	Max 3 ppm
Stabilizer (amylene)	5-25 ppm
Acetone	Max 5 ppm
Aldehydes	Max 1 ppm
Chlorides	Max 1 ppm
Non volatile residue	Max 10 ppm
1,2-Dichloroethane	Max 10 ppm
1,1-Dichloroethane	Max 20 ppm
Carbon tetrachloride	Max 50 ppm
Dichloromethane	Max 30 ppm
Methyl chloride	Max 30 ppm
Bromo dichloromethane	Max 10 ppm
Dichloroethylene	Pax 20 ppm

Physical properties

Density	1,478-1,492 kg/l
Colour	Max 10 alpha
Molecular weight	119.4 g/mol

We hereby declare that the product conforms to the specification. The products are regularly checked for quality. The stated information and properties of the product are not a guarantee of particular properties and are not a statement as to the suitability of the product for particular applications. We therefore do not accept any claims with regard to this statement. In addition, the customer must carry out a goods entry check himself. No rights can be derived from this statement connected if forwarded to third parties.
