Laboratoriumdiscounter

Appearance: clear liquid	Chemical formula : C ₃ H ₇ OH	EG-Nr. 200-661-7
Art no. IPA1.1.1	CAS : 67-63-0	

	Spec	Min / Max	Result
Purity		69—71	70
Colour		10	2
Water		0.3	conform
Acidity (as acetic acid)		0.0020	0.0010
Refraction index (n _D 20)		1.3760 — 1.3780	13,771

Physical properties

Bulk density 0,785 g/cm³ (20 °C)

We hereby declare that the product conforms to the specification. The products are regularly checked for quality. The stated information and properties of the product are not a guarantee of particular properties and are not a statement as to the suitability of the product for particular applications. We therefore do not accept any claims with regard to this statement. In addition, the customer must carry out a goods entry check himself. No rights can be derived from this statement connected if forwarded to third parties.
