Certificate in relation to air transportation by passengers with walking disabilities

We hereby certify that our product **UNAwheel Mini**, containing the non-removable lithium-ion battery, meets the requirements of the UN Manual of Tests and Criteria, Part III, subsection 38.3 and therefore is suitable for air transportation by passengers according to IATA DGR Chapter 2.3.2.4.

Battery Description

Nominal Voltage: 25.2 V

Nominal Capacity: 6.4 Ah

Nominal Energy: 161.28 Wh

The nominal energy of the battery is 161.28 Wh which is below the IATA limit of 300 Wh (per battery). The battery is built-in (non-removable).

We recommend taking the device into the cabin. Device has to be switched off before boarding and protected from damage and accidental activation.

We strongly recommend that you notify the airline company at least 72 hours before the flight in order to obtain approval and avoid any confusion.

This certificate does not apply to damaged or defective devices or batteries.

This certificate is valid until 31/12/2023.
