### CHAIN SHARPENER

A chainsaw sharpener with its own electric motor. Forget about the hassle of fitting your electric drill into a lesser gadget, this unit is fully self contained and is capable of sharpening all common chains. Keep it sharp!

- Suitable for all makes and sizes of chains
- Great value for money
- Lightweight for easy transport to the job site
- Extremely compact in design
- Scale for precise grinding angle adjustment
- Robust and durable
- 100 mm grinding wheel
- Large side safety guard

### 3 IN 1 – 3000 W ELECTRIC BLOWER

Powerful, reliable and effective, the Scheppach 3 in 1 blower, vacuum and mulching shredder makes garden work fun and easy. Simply convert your tool from a powerful 3000 W blower to an effective 10:1 ratio mulching vacuum.

- This smart 3-function machine, blows, vacuums and mulches
- Electronic speed control from 8000 – 14000 rpm
- Produces an impressive air velocity 160 – 275 km/h
- Power through your garden work with an efficient 3000 W motor
- The 10:1 mulching ratio reduces leaf matter into easily disposed of material
- 45 L collection bag provides ample material collection
- Equipped with a shoulder strap for added comfort and convenience
- Including wheels

## 25.4 CC PETROL BLOWER

Keep your garden tidy all year round with the Scheppach LBH2600P 4-in-1 petrol powered leaf vacuum/blower. With an air speed of 268 km/h, even wet leaves are no problem. The large air flow of 678 m³/h enables efficient removal of large quantities of leaves and other material and, through the integrated shredder, it reduces all to 10% of its former size.

- 4-in-1: vacuuming, blowing, reducing and catching
- Powerful 2-stroke engine with 25.4 cc
- Easy start engine for an effortless start
- Efficient engine with low fuel consumption
- High airspeed of 268 km/h with an airflow of 678 m³/h
- The shredder reduces the material to 10% of its original volume
- Control lever for switching from suction to blowing function
- Lightweight and ergonomically designed to reduce fatigue
- The 50 L catch bag ensures efficient work

## ROTARY GARDEN SIEVES

These scheppach rotary garden sieves won't let anything pass that you deem too coarse. With this sieve you can refine large quantities of soil or compost, or even the children's sandpit. The adjustable angle of the sieve drum, as well as the different mesh sizes facilitate sieving a wide variety of materials.

- Suitable for a wide variety of materials
- Sieve drum dia. 400 mm, length 900 mm (RS400) / 800 mm (RS350)
- Drum can be set at various angles
- Sieve mesh diameter 20 mm
- Standard sieve insert with a mesh size of 10 mm
- Sieve drum speed 42 rpm
- Throughput depending on material 3 m³/h

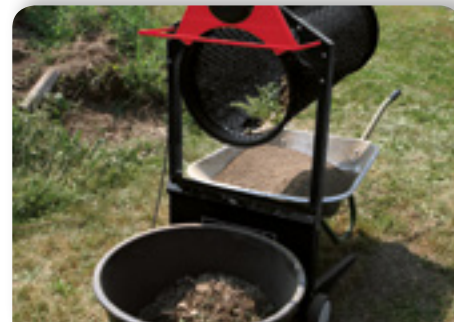

RS350

Sieve drum  
dia. 400 mm

Drum can be  
set at various  
angles

Wheels

Sieved compost is ideal for new flower beds and for refining and grading hard, old soil.

The standard brush bar ensures a reliable cleaning of the sieve drum, particularly when sieving moist material.

Thanks to the sieve drum design, nothing is in the way when feeding it.

0° – 10°

By selecting the drum angle, you can control the speed of the material passing through.

Thanks to the standard wheels and the light weight of 37 kg, the rotary sieve is mobile and can be used in every corner of your garden.

## BATTERY HEDGE TRIMMER

The battery hedge trimmer BHT560-40Li is a reliable help for trimming your hedges. In fact, the 630 mm laser-cut bar guarantees efficient cutting in less than no time. Cutting efficiency is also improved by the powerful 40 V Li-ion battery, enabling nearly vibration- and noise-free work, compared to any equivalent petrol-powered trimming tool. In addition, the 90° rotating handle offers comfort and control in a variety of hand positions.

- Electric drive without harmful exhaust gases
- Light and handy for comfortable work
- Heavy-duty steel bar
- Double running blades for excellent cutting performance
- Cutting Ø max. 24 mm
- Max. cutting length 530 mm
- Metal gear for longer life
- 90° adjustable handle for ergonomic grip
- Transparent hand protection
